Pershing reports to Funston from a point below Nami-quippa relative to Supplies.

No statement as to exact position but the cavalry is now thought to be near Parral.

NEARING PARRAL

By Associated Press Dispatch.
SAN ANTONIO, TEXAS, APRIL 10.—MAJOR GENERAL FUNSTON RECEIVED FROM GENERAL PERSHING TODAY A REPORT "FROM A POINT BELOW NAMIQUIPA," RELATIVE TO SUPPLIES BUT CONTAINING NO REFERENCE TO CAVALRY COLUMNS BELIEVED TO BE IN THE VICINITY OF PARRAL.

THE DETAILS OF THE REPORT WERE NOT REVEALED.

Washington, April 10. — Secretary Lansing and Secretary Baker both declined to comment today on border reports that an agreement between Washington and the Carranza government had fixed a "deadline" beyond which the American troops would not go in their pursuit of the Villa bandits.

Secretary Baker declared, in answer to questions, that such an agreement would be a subject not under the War Department's jurisdiction.

SALAZAR ACTS STRANGELY

By Associated Press Dispatch.
El Paso, Texas, April 10.—There is considerable mystery today over the reported crossing of the border by General Ynez Salazar, the former Huerta general, who has been living here and who is said to have gone into Mexico with avowedly hostile intentions toward the United States. The story of the crossing was told the police by a man who has been closely associated with Salazar. An investigation was made, and later the police announced they believed the story to be true.

A proclamation was discovered, purporting to be signed by Salazar, in which he called upon all patriots Mexicans to join him in the protection of Mexican soil.

CRISIS IS NEAR

By Associated Press Dispatch.
San Antonio, Texas, April 10.—Army officers at Major General Funston's headquarters were almost convinced today that by the end of the week the work of the punitive expedition in Mexico will have reached a critical stage.

indicate that he is driving his cavalry farther and farther into Mexico, in spite of the increasing danger that they soon may be beyond reach of the commissary department and out of touch with an adequate support.

DIFFICULTY GROWS

By Associated Press Dispatch.
Columbus, N. M., April 10. — Increased care is being taken to keep intact the American line of communication, now nearly 400 miles long.

New reports of scattering bands of Mexicans gathering westward of the motor trail from Columbus to Casas Grandes were received today.

The reports were vague and unconfirmed, but it was known that official cognizance was being taken of them.

THE CLEVELAND HARBOR JAMMED

Cleveland, O., April 10. — Congestion of freight waiting to be moved on the Great Lakes has brought about a situation unparalleled in inland water history, according to a statement issued today by the Lake Carriers' Association headquarters here.

The volume of grain and iron ore freight under contract, says the statement, has now reached 100,000,000 tons.

Fishing tugs were held in port today by seven miles jammed 12 feet thick near the shore.

The fishing season here is 26 days late now, according to fishermen.

One tug tried to get out today in the wake of a freighter, but both had to put back.

John Nolan Serves
Half His Life in
Prison.

By Associated Press Dispatch.
Columbus, O., April 10. — After serving more than half of his life behind prison walls, John Nolan, aged 70, died today from infirmities in the hospital at the penitentiary.

The aged prisoner, his hair nearly entirely white, began the last of six prison terms in May, 1914, when he was sent to the penitentiary to serve an indeterminate sentence for horse stealing in Scioto county.

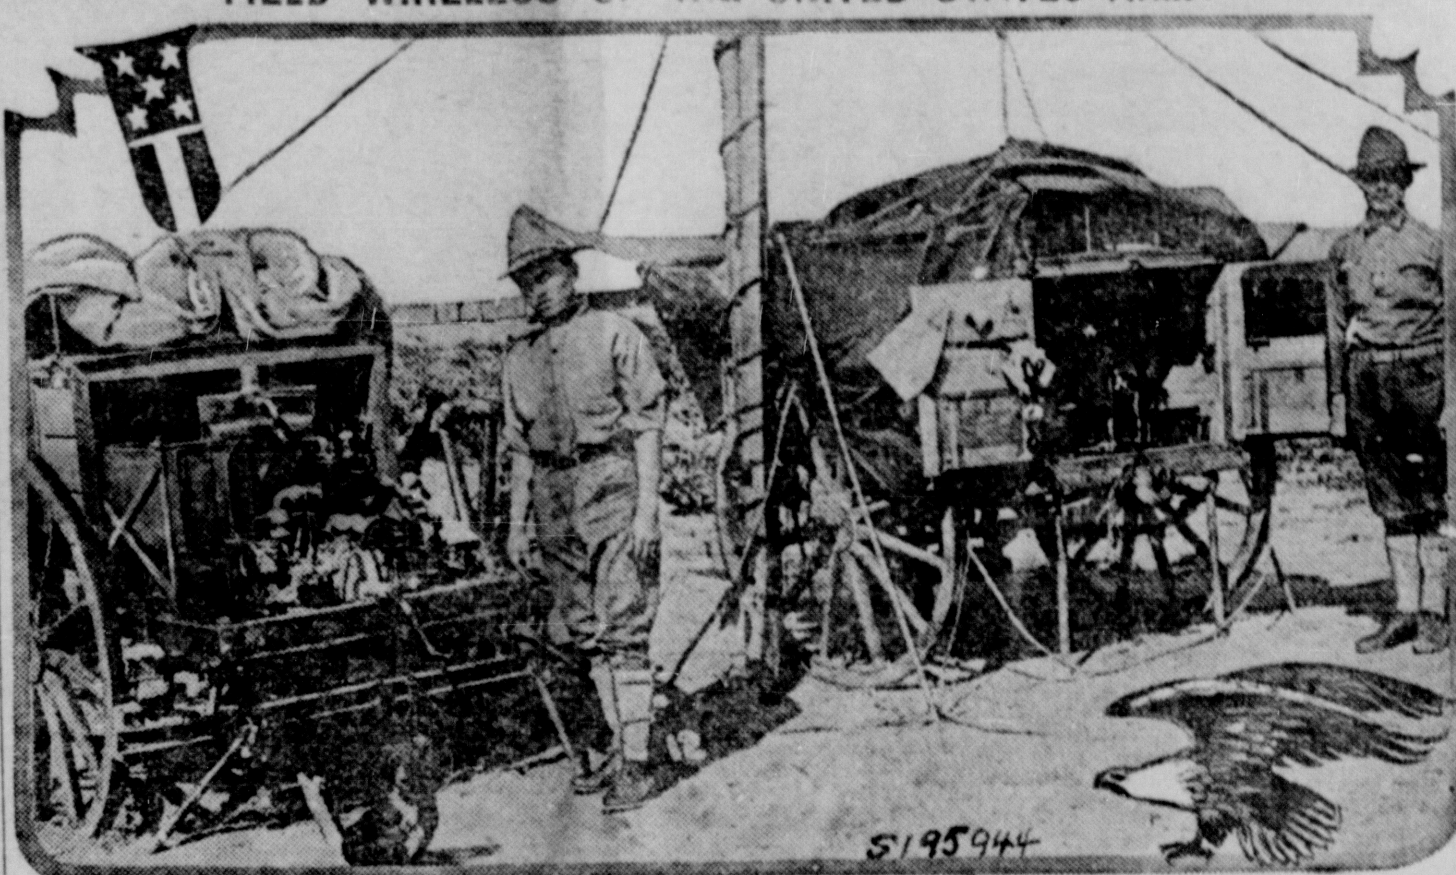

Previously, he had served one term in the Ohio penitentiary, two in the Indiana State prison, one in Illinois and one in Michigan.

He served his first term in the Ohio penitentiary more than 20 years ago. In all, he has spent more than 36 years in prison.

MAYOR TO LEAD CLEAN UP FORCE

By Associated Press Dispatch.
Columbus, O., April 10.—Mayor George J. Karb of Columbus has announced his intentions of donning overalls, carrying a shovel and scrub broom, and marching at the head of a parade at the opening of "clean up week," set for May 1. George W. Gillette, secretary of the chamber of commerce will be the mayor's marching partner and will carry a feather duster. Other marchers will carry rakes, brushes, mops scrubbing brushes or waste baskets, suggestive of the "clean up" spirit.

ON LUCKY THIRTEEN CARS RUN

Toledo Folks Have
Higher Fare, But
No Longer Walk.

By Associated Press Dispatch.
Toledo, April 10. — For the first time in 13 days, this city has street car service.

In each car there was posted a notice that, beginning today, cash fares will be 5 cents and tickets will be sold at the rate of 6 for 25 cents.

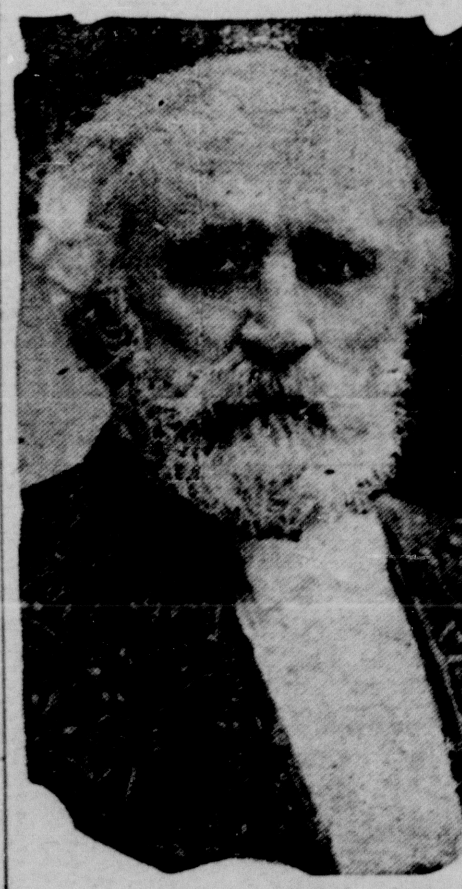

The three-cent rate, which had been effective during rush hours, is abolished.

The formal agreement between the Toledo Railways & Light Company and the Amalgamated Association of Street and Electric Railway Employees was ratified last night at a mass meeting of the carmen. The men are denied the privilege of wearing the union button.

The company will continue to conduct its business on the open-shop plan, with no discrimination between union and non-union men. The men received an immediate increase in wages of 3 cents an hour. It is possible for the company to increase fares without consent of the city, as it has no franchise and can fix its own rates.

GERMAN ATTACKS ARE CONTINUED

(Associated Press Cable)
Paris, April 10. — The Germans continued their attacks last night in the Verdun region east and west of the Meuse over a front 13 miles long from Hill No. 304 to Fort Douaumont.

The War Office announcement of this afternoon says that, in the fighting west of the river for possession of Dead Man's Hill, the Germans were repulsed except on a front of 500 yards near Hill No. 295.

East of the river, the German assaults gained no appreciable results.

NOT GUILTY SAYS WAITE

By Associated Press Dispatch.
New York, April 10.—Dr. Arthur Warren Waite, who has confessed to poisoning his father-in-law John E. Peck, millionaire drug manufacturer of Grand Rapids, Mich., entered through his counsel today a plea of not guilty when arraigned on the indictment charging him with murder in the first degree.

His counsel, however, reserved the right to change the plea within ten days.

LONDON THINKS NEUTRAL IDEA

London, April 10.—A proposal put forward by neutral governments with the idea of obtaining immunity from capture for vessels owned by nations at war with Great Britain and placed in service by neutrals, will receive careful consideration from the British government.

The War Trade Minister Lord Robert Cecil made this statement today, in response to a question in the House of Commons.

Exports partly blame
for big rise in price
of auto food.

By Associated Press Dispatch.

Washington, April 10.—The Federal Trade Commission today represented to Congress a preliminary report of its investigation of the rise in the price of gasoline.

The report carries a mass of statistics on production and prices, but draws no conclusions as to the cause of the increase of the latter. The report says:

"If prices are found to have been raised to higher levels in some sections than in others, making due allowance for quality of product, freight and marketing conditions, it may be inferred that an element of artificial manipulation has entered into the advance."

Suggestions that increasing exports have been partly to blame for higher prices are considered in a table that showed 1915 exports amounted to 15 per cent of the entire gasoline content of all the crude petroleum produced in the United States within the year.

Exports for the year of gasoline, naphtha and benzine totalled 284,300,000 gallons, against 238,500,000 in 1914, and 188,000,000 in 1913.

Subcommittee Begins Work of Framing the Bill.

BIG FIGHT ANTICIPATED

Next Year's Program For Monster Battleships Expected to Arouse Heated Controversy—New Measure Includes the Administration's \$500,000,000 Five Year Program For Building New Fighting Ships.

Washington, April 10.—Chairman Padgett of the house naval subcommittee on appropriations hopes to lay the naval appropriation bill before the house by April 26.

Work was commenced today on the framing of the bill, which includes the administration's \$500,000,000 five year program for new fighting ships.

While there are many legislative features in the bill which will require debate in the subcommittee and later before the full committee, the big fight is expected to come over the 1917 program for capital ships. Secretary Daniels has recommended the authorization of two dreadnaughts and two battle cruisers. The navy general board contended for three battleships and four battle cruisers. Present indications are that the subcommittee will compromise between the two views and recommended two battleships and four battle cruisers.

At the navy department work on the designs of the new ships to be authorized has progressed so rapidly that much of the delay heretofore experienced in advertising for navy craft will be eliminated. Plans for the battleships, large and small submarines, destroyers, gunboats, hospital ships and ammunition ships are virtually completed now. It will take only a few weeks after appropriation for the vessels is made to lay specifications before private builders.

Plans for the battle cruisers and scout cruisers also are under way, but will take some time to complete. These vessels and the 800 ton class submarines which Secretary Daniels has added to his program are new types for navy designers and it takes time to work out details.

MATRIMONIAL CRAFT IN OHIO RIVER TOWN

From apparently reliable authority comes the statement that in Iron town on the Ohio river a decidedly unusual custom has been carried on for years, whereby even the foremost ministers of the town, if they are to have "their share" of the marriages, have been compelled to pay to the court house janitor, or other mental county employee, one-half of the marriage fee paid, regardless of whether the fee was \$2 or \$10.

Nyal Liver Salts For Liver Faults

WHEN the liver is upset the whole system is out of tune. The general condition of your health is dependent upon normal liver action. To correct constipation and liver the liver we unhesitatingly suggest the use of NYAL LIVER SALTS. Take it in the morning just before breakfast—you will feel better all day. The sluggish, inactive liver makes you feel out of sorts; slows you down; causes biliousness and sick headache. You cannot feel right when your liver is all wrong. When you feel run down and seem to lack endurance—your liver is probably out of order—undoubtedly it is badly in need of a good dose of NYAL LIVER SALTS. For prompt satisfactory results you can depend upon NYAL LIVER SALTS—a saline laxative that keeps the liver working right. Remember, that for stomach faults you should use NYAL LIVER SALTS. 25c and 50c the bottle.

SPANISH-AMERICAN WAR RELICS GET INTO NEWS

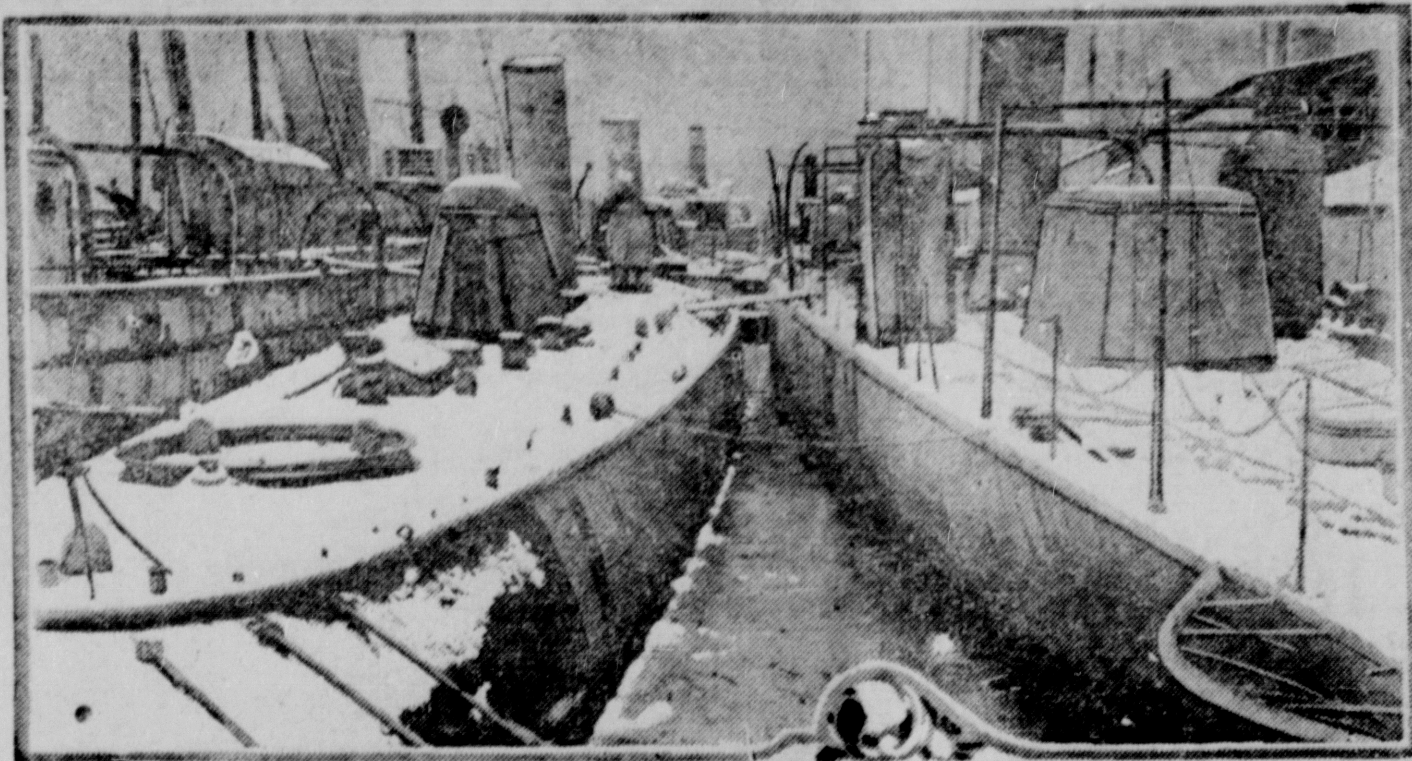

Photo by American Press Association.

The torpedo boats, Winslow and Porter, which had seen active service in the Spanish-American war and were later sold as junk. They are now at Erie basin, Brooklyn, and repeated rumors have circulated of secret activities on board the vessels. The latest is that some foreign country is now fitting them out for a dash to sea to prey on its enemy.

It was customary for the janitor, who is suspected of not standing alone in the nefarious work, to pilot the couple with a marriage license to the minister who would pay him half the fee. If a minister refused to pay the janitor, he would not be "patronized" by the brazen-faced janitor.

In recent months in the Iron town mentioned, as liberal, or more liberal arrangements have been made with two justices of the peace of the place, and the two justices are doing a wholesale business tying matrimonial knots.

It is also claimed that street car conductors stand in on the "grab" and if they "spot" a couple and induce them to go to a certain minister or justice, they except their half of the fee.

GOMPERS SUGGESTS

THE CORRECT WAY TO PRONOUNCE D-E-P-O-T

A student asked Dr. MacAlister, who was then president of Drexel Institute, how he pronounced depot.

"As if spelled station," replied the old scholar.

Depot is surely a dead one. In large cities the word is never heard as applied to a railroad station. But it must have been otherwise 50 years ago.

The literature of America from the debut of the locomotive up to a generation ago was full of depots. A train never seemed to stop at any place other than a depot.

More than 70 years ago Longfellow referred to a fellow traveler who pronounce it to rhyme with teapot. The classier folks said daypo, but ordinary men and women said deepo.

PENNSY PRESIDENT TALKS OF SERVICE

Calling attention to the fact the Pennsylvania Railroad will be 70 years old this month, Samuel Rea, President of the company, in a signed statement bulletined today in every station on the System, says:

"In these seventy years we have learned much. Above all, we know that the future prosperity of our Company depends upon the continued confidence, co-operation and good-will of the people it serves.

"For what our railroad represents after these seventy years credit belongs:

"First, to our stockholders, whose capital made possible the development of this Railroad.

"Second, to those directors, officers and employees who have gone before, and to the 250,000 of us who are now working to make this railroad system better every day.

"Third, to a helpful and reasonable public."

RURAL CARRIERS ARE MAKING COUNT

ROUGH STUFF BY POPULACE

(By American Press)

London, April 10.—An attempt to hold a nonsubscription and peace meeting in Trafalgar square was unceremoniously broken up by thousands of persons who charged and dispersed the procession and tore up the banners and flags. Various peace societies had organized the demonstration. Sylvia Pankhurst, the militant suffraget, was prominent among the promoters. After the procession had been dispersed, the leaders in the movement mounted the plinth of the Nelson column and endeavored to make speeches, but the crowd pelted them with flour and red and yellow ochre. The speakers faced the ordeal for five minutes and then beat a hasty retreat.

GENEROUS

(By American Press)

SAN ANTONIO, TEX., April 10.—The Mexican military authorities have offered the American punitive expedition the use of Mexican telegraph and telephone lines, according to General Pershing's report to General Funston. The offer was made to the aviators who landed in Chihuahua last week. General Pershing's report did not pass over the telegraph lines, however, but was transmitted via aeroplane and wireless routes to Columbus.

General Pershing said some supplies had been purchased in Chihuahua and that there appeared no disposition on the part of those with stores to withhold their goods, but that the limited amount of supplies at Chihuahua at present made it almost impossible to get provisions.

STEAMSHIP DISABLED

New York, April 10.—With water pouring into her hold, the steamship Guajara of the Lloyd Brasileiro line, which left New York last Wednesday, is being towed into Norfolk, Va., by the passenger steamer Sixaola. The Guajara is a freight steamship and has no passengers. According to a wireless message she is in no danger and will be able to make port.

SETTING EACH OTHER RIGHT

THE motorist in rural England had had a mishap on a dirty Norfolk road and was at the moment underneath the car executing repairs. The position is a trying one for the temper in any case, but when a Norfolk rustic came along and, after staring vacantly at the car, walked slowly around it several times the irritation found vent. "Well, my man, don't you know what this is?" he asked sharply.

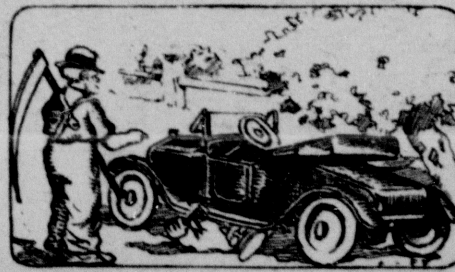

"It's a motorcar," said the "Norfolk dumping."

"Not at all, my man," snapped the owner. "It's an automobile."

The rustic still stood staring. At last he said, "Of say, guv'nor, d'you know what this is on my shoulder?"

"It's a scythe, of course," was the reply.

"Oh, no, it ain't!" said the rustic. "It's an ought-to-mow-grass, but it wean't!"

"Oh, No, It Ain't."

The Base Ball Season

This week on thousands of diamonds throughout the United States the base ball season of nineteen sixteen will be opened. The "fireside" league season closes formally, all over the land, next Wednesday when the welcome "play ball" is shouted by the umpires in the several major and minor leagues.

The base ball war is over and the disastrous financial troubles of the magnates as well as the season of worry for the fans, who couldn't watch two games at the same time, are behind us.

To the big leagues, the minor leagues, the college leagues, the amateur leagues, down to the big boys and the little boys on the corner lots the big time has come, the time of watching and waiting has passed.

Each and every one of the teams, no matter to what organization it belongs has its particular and peculiar claim to surge for patronage and its reason why this year there will be a different story to record when October comes again and time calls the whole season "out."

As usual, the followers of each particular team with a faith that is at once admirable and the foundation of base ball success, confidently believe that this year is the year. Everybody believes that victory will perch on the banners of their team this year. 'Twas always that way and always will be. That's what makes base ball popular. Surprising results justify that faith.

Your true fan remembers little of those who have been or what has been. His interests all center in who is and what is while the peculiar nerve racking play is on. That's why he forgets the disappointments of the past and faces the future so confidently.

It is a great, clean, honest gripping, game—this game of baseball—and in a class all its own.

Just a Little Supposing

The American railroads are breaking all records this year in the extent of betterments. They are buying more locomotives, more cars and repairing more old locomotives and cars than ever before in the history of railroads. The purchasing and rebuilding has not yet reached flood tide either.

The immense companies which contract rolling stock for railroads are literally swamped with orders, every railroad shop in the country is pushed beyond capacity with construction and repair work.

Not only that but in the betterment of the road bed, new ties, new steel, new bridges and new culverts, the work has been tremendous.

These known conditions of course are infallible proof that the railroads are enjoying a tremendous era of prosperity right now and are reasonably certain that that prosperity will continue for some time in the future.

Nevertheless, conditions compel speculation, whether it is profitable or not.

Knowing that every piece of material which enters into this vast work is from twenty-five to three hundred per cent higher than it was two years ago, one cannot help wondering why these long headed railroad magnates did not take advantage of dull times and low prices and do the improving then.

Millions of dollars would have been saved to the great carrier companies if they had but acted upon the faith that business conditions were certain to improve. Just like the ordinary run of folks though, the railroad men waited until the rush came and then joined in.

The Smith Law Hit

There is much force in the assertion of Auditor of State Donahey that the enormous increase in the debt of Ohio, state county and municipal, is due to the limitation of the so-called Smith law. Under that law, Mr. Donahey points out, the tax rate which can be levied is limited but no provision is made in that law or elsewhere in the statute books for curtailing the expenditures of public officials.

Consequently the expenditures have more than kept pace with the increasing needs of the growing state and demands of a progressive people.

Mr. Donahey points out, in effect, that the Smith one per cent tax rate limit law, so called, amounts to nothing so far as securing any real substantial saving to the people is concerned.

While the general tax rate is limited the cost of running the public business is the same as it always was, in an ever increasing proportion. We pay less general taxes, but our debt is piling up at an enormous rate.

Of course, there is an indirect taxation on certain vocations which has grown very popular and which so long as it is unobjected to by those compelled to pay it pours a volume of surplus into the treasury of the state.

Mr. Donahey may over-state his proposition in some particulars, but in the main he is correct.

The tax rate limit law is more of a political expedient than a law from which practical benefits flow to the people of the state.

The net results of this much talked of law seems to be to make the money for the tax spending officials more difficult to obtain.

Poetry For Today

LIFE LET US CHERISH.

Life let us cherish
While yet the taper glows,
And the fresh flow'ret
Pluck ere it close.

Why are we fond of toil and care,
Why choose the rankling thorn to wear,
And heedlessly by the lily stray,
Which blossoms on our way?

When clouds obscure the atmosphere
And forked lightnings read the air,
The sun resumes his silver crest,
And smiles adorn the west.

The genial seasons soon are o'er;
Then let us, ere we quit this shore,
Contentment seek; it is life's zest;
The sunshine of the breast.

away with ev'ry toil and care,
And cease rankling thorn to wear,
With manifold hearts life's conflict meet,
Till death sounds the retreat.

In other words, we give Lawyer Dodge due notice that if he brings another libel suit against the Kicker we will call at his office and make him eat all the papers in the case, with a few deeds and bills of sale as a windup.

OUR PROPHECY.

When Joe Wharton sold out his saloon here and started for Santa Fe we told him he was making a muck of it, and so it has proved.

He had scarcely got into the saloon business there when the vigilance committee lynched him.

A RUMOR VERIFIED.

The rumor that we are looking for another political office is true.

We now hanker to be fish commissioner of this golden state, thus giving us five soft snags.

There is no cheek about this. We are simply taking care of ourselves as an editor.

What is left after we are provided for can go to the modest and humble public.

YES, ADVERTISING PAYS.

ANOTHER instance that advertising pays.

Mr. John Holmes, the grocer, refused to advertise in the Kicker on the grounds that no one read advertisements.

We shot him in the shoulder, secured a half column ad, and yesterday he told us that his trade had doubled. We stand ready to shoot and convince others.

POPULARITY.

Any one who argues that our popularity as mayor of this town is on the wane is referred to the fact that last week we had 288 invitations to take a drink.

Cocktails show which way the wind blows, and it is needless to say we accepted them all.

SOME CYCLONE.

They are telling of a little cyclone over at Grass Valley which blew the hair off a cinnamon bear and drew nails from fence posts.

We don't doubt it. The only safe way for a man to keep his breath in this country is to believe all he hears, especially if it seems improbable.

CLOGGED SWITCH IMPERILS LIVES

(By American Press)

Winsted, Conn., April 10.—Fast thinking by Engineer Carl H. Holmes of Waterbury saved many lives and only sixteen people were injured when his New Haven road train running thirty-six miles an hour from Winsted to Bridgeport, by way of Waterbury, was derailed by a half open switch between this town and Waterbury. When about 400 feet away from the switch frog at Jericho siding, which had become clogged with snow, Engineer Holmes became suspicious, and the next instant he threw on every ounce of air pressure his brakes would take. The momentum of the train was suddenly slackened, and only the engine, baggage car and two coaches left the rails. The engine went down an embankment with the engineer and fireman, but neither were seriously hurt. Three passengers were injured, but not seriously.

TEDDY IN BOSTON

(By American Press)

Boston, April 10.—"I am not going to see a single politician, and not going to have a single thing of a political nature to say while I am here," declared Colonel Roosevelt when he arrived here. The only people on hand at the station when the train came in were Dr. W. Sturgis Bigelow, whose guest the colonel is to be during his two night stay here, and a few others who had come to meet friends arriving on the same train.

NEW USE OF MOVIES.

Dying Man's Cry For Brother Flashed on the Screens.

Bridgeport, Conn.—The call of a dying man for his brother recently moved proprietors of local motion picture houses to flash this message on their screens:

"Your dear brother Jack is dying. He wants you, so please come home. Mrs. John L. Durant to Thomas E. Durant."

Thomas Durant saw the notice and immediately went to see his brother. The physicians now hope John Durant will recover, because he was overjoyed at seeing his brother again. Thomas Durant left his home in Hartford several months ago to work in the Remington Arms and Ammunition company plant here. His brother, John L. Durant, of 22 South Whitney street, Hartford, was on his deathbed and called repeatedly for Tom. When every effort to find him failed the wife of the dying man asked the police of this city to have the message flashed in motion picture theaters.

A Great Military Feat.

Nonza, in Corsica, is very proud of the story of a great military feat performed there long ago. It is told in "Romantic Corsica," by George Renwick.

The French in 1768 had subjugated all the northern cape with the exception of the tower of Nonza, which for a considerable time sustained a close siege. Attacking parties were driven back by a fierce fire, but at last the garrison agreed to surrender if allowed to march out with all the honors of war. This was conceded, and old Captain Cascella appeared, staggering under a load of muskets and pistols.

"Why is the garrison so long in coming out?" asked the French commander.

"It is here, sir," replied Cascella. "I am the garrison."

No Need of a "Front."

"That shabby looking old fellow is worth several millions."

"You surprise me. Why doesn't he wear better clothes?"

"Oh, he doesn't have to borrow any money. People come to him to borrow it."—Birmingham Age-Herald.

TWO AMERICANS

(By American Press)

Ottawa, Ont., April 10.—Alfred St. Lawrence of Winchendon, Mass., was listed as having been killed in action, and James McClelland of Lowell, Mass., was reported as having died of wounds in the overseas casualties made public by the militia department. Arthur Elly of Detroit, Mich., and John Peter Jensen of Beverly, Mass., were listed among the wounded.

NATIONAL MEETING

(By American Press)

New York, April 10.—A national convention representative of all branches of the tobacco industry, said to be the first of its kind in this country, will be held in Washington May 29, it was announced here by the Tobacco Merchants' Association of the United States. The purpose announced will be to exchange views and formulate policies for the betterment of the industry. President Wilson will be invited to attend a banquet after the convention.

OUR "P. M.'S"

(By American Press)

Columbus, April 10.—Forest L. May, postmaster of Dayton, was elected president of the Ohio Postmasters' association when it was organized here, with about half of the first, second and third class offices in the state represented. Vice president chosen were R. E. Jennings, West Milton; Wesley H. Zaugg, Wooster, and Vallee Harold, Portsmouth. George B. Snyder of Youngstown was made secretary and A. E. Shafer of Wapakoneta, treasurer.

The Coffee Plant's Friend.

In Colombia there is a tree highly esteemed as a shade for the coffee plant. It is found also in tropical Brazil and possesses qualities that make it peculiarly suited for this particular use. It will live on a stony, poor soil and a tree only eighteen months old will shade 144 square yards of ground while when full grown it may be fifty feet high and have a spread of fifty feet on every side.

HIS AGE IS AGAINST HIM.

"I am 52 years old and I have been troubled with kidneys and bladder for a good many years," writes Arthur Jones, Allen Kans.

My age is against me to ever get cured, but Foley Kidney Pills do me more good than anything I ever tried." Rheumatism, aching back, shooting pains, stiff joints, irregular action, all have been relieved. Blackmer & Tanquary.

Do Something for your Cold.

Do not let it wear you out and encourage sickness.

Take Dr. King's New Discovery. You will get instant relief.

Most of us neglect coughs and colds. We brush suggestions aside with the remark "I'll be better soon," and oftentimes we do get better. However, when that cough or cold gets a hold, it usually means annoyance, interference with our work and often a spell of sickness follows. Isn't it better immediately to check that cold and ease the cough? Dr. King's New Discovery does it! Search as you will, you will not find a better remedy.

Dr. King's New Discovery is made of Pine Tar mixed with soothing balsams and laxatives. It's antiseptic and kills the germs, allays the cold-fever and soothes the irritated, inflamed throat. The very first dose gives you relief. You cough with less strain. And if you have a hacking or dry night cough, grateful relief follows and you soon drop into a restful and refreshing sleep. Get a bottle to-day and let Dr. King's New Discovery be your cold and cough doctor. At all druggists.

THE BROMLEY EVANGELISTIC PARTY BOOKED FOR THIS CITY

Well Known Religious Workers Will Conduct Campaign in This City Next Winter, Beginning About January 1, 1917—Party a Strong One.

The Bromley Evangelistic party composed of Dr. Henry W. Bromley and seven or eight assistants, has been booked for an evangelistic campaign in this city beginning about January 1, 1917, and continuing for a period of six weeks.

MOTION FOR NEW TRIAL OVERRULED; SENTENCE PASSED

Another Epoch in Cattle Case Takes Place at Waverly Today—Execution of Sentence Suspended 50 Days—Will Carry Case to Appeals Court.

Judge Dill, of the Pike County Common Pleas Court, Monday afternoon overruled the motion for a new trial in the case of Ohio against Samuel Whited and sentenced Whited to the Ohio penitentiary for an indeterminate period.

However a stay of execution for a period of 50 days was granted in order to allow an appeal to the Court of Appeals, notice of which was given by Attorneys Gregg & Gregg who represent the plaintiff.

SUDDEN DEATH OF INFANT SON

Washington friends will sympathize deeply with Mr. and Mrs. James Smith, of Greenfield in the death of their five days' old son, which occurred Sunday afternoon.

The baby was taken suddenly ill with pneumonia Sunday morning, death following in a few hours.

Mrs. E. A. Smith, Mrs. Allen Martin, Miss Emma Smith, Misses Naomi and Nell Rowan went down to Greenfield Monday morning for the burial.

MRS. CHAS. B. PARKER DIES IN OKLAHOMA

Deep sadness was scattered abroad over the city Monday forenoon by the receipt of news of the death of Mrs. Hattie Parker, wife of Charles B. Parker, of Tulsa, Oklahoma, at 12:30 Monday morning and that he would arrive in this city with the remains on the late train Tuesday night.

Mrs. Parker, who was a daughter of Mr. George B. Swope, formerly of

with the Bromley party. Following the work in this city the party opens a two month's campaign in Dayton and then in Wilmington. At the present time they are in Iowa.

A tabernacle with a seating capacity of 2500 to 3,000 people will be erected for the meetings. A choir of 350 voices will be a feature of the meetings, and the music is in charge of Prof. Wm. H. Myers, of Lincoln, Neb.

Dr. Edward Fellers, Mrs. Bromley, Miss Ditzler, of Chicago, Miss Florence Hanpert of Wisconsin and Mr. E. L. Anderson constitute the active party.

The contract for the party to appear here was signed up Monday. Mr. Wm. E. Parrish representing the Bromley party.

this city, now of Springfield, had been ill for some weeks, but the news of her death comes as a staggering blow to her wide circle of friends in this city and county.

Mr. Parker had been in Oklahoma where he went from this city, for the better part of a year, and Mrs. Parker and two small daughters, Charlotte and Harriett Anne, left this city last December to make their future home in Tulsa.

A short time ago, receiving word of his daughter's illness, Mr. Swope went to Oklahoma and had since been with his daughter and family. The sympathy of the entire community is extended to the grief-stricken husband and two little children; the father, step-mother and sister or the deceased, as well as to many other relatives.

While no definite arrangements have been announced, the funeral will, in all probability, be held in this city sometime Wednesday and interment will be made here.

WELFARE NURSE FILES REPORT

Nurse Sutton, of the Welfare Association has completed her report for the month of March, showing a total of 172 visits made, divided up as follows:

Working visits, 60; instructive, 31; friendly, 26; miscellaneous, 55.

The number of cases reported during the month was 14. Nine patients were dismissed as recovered; four as improved; three as unimproved; and three died. One case was referred to a sanitarium, one to a dispensary, seven for material relief and one to the courts.

ARGUING MOTION IN CATTLE CASE

Attorneys Pope and Nye Gregg, accompanied by the defendant, Samuel Whited, went to Waverly, Monday morning, where a motion for a new trial is to be argued before Judge Dill.

It is expected that the Court will overrule the motion, in which case the attorneys for the defendant will immediately carry the case up on error.

STAGE ALL SET FOR THE CIRCUS

Tonight at 7:30 the doors open for the Forepaw & Hindpaw circus at the Y. M. C. A. and the event is expected to be one of much merriment, with plenty of amusement in the sideshows, menagerie and circus ring.

The social committee of the Y. M. C. A. has been working untiringly to make the affair a huge success, and the gymnasium has been transformed into a hippodrome with seats arranged to accommodate some five hundred persons.

Monday the workmen kept one eye upon a real live alligator which was in a cage near where they were at work. The canvas men were busy bright and early Monday, and all day the place has presented a very busy spectacle as men hurried hither and thither preparing for the initial opening.

One hour will be given for inspecting the side shows, menagerie and all attractions outside of the ring events.

It is expected that a very large crowd will witness the performance as it has leaked out who some of the leading characters are, and the nature of their stunts.

STREET FLUSHING! MEETING TONIGHT

All persons notified to look after the flushing and cleaning of streets are requested to meet at the Council Chambers tonight at 7:30 o'clock for discussion of plans.

ASSESSORS MEET AND GET SUPPLIES

The assessors of the various taxing districts of the county met at County Auditor Pine's office, Monday morning and obtained supplies and instructions for their work.

Some of the prices agreed upon were higher than last year while others were lower.

PEARCE FUNERAL

The funeral services of Henry C. Pearce will be held at the residence, Tuesday afternoon at two o'clock. Interment in the Washington cemetery.

WILL SHE BE CITY'S NEXT MAYOR?

Young Woman Opens Campaign Wednesday.

Will Washington be the first city in Ohio to elect a woman as mayor? Conditions point that way, as public sentiment is steadily growing in favor of that remarkable young woman, Miss Betty Lang, who has succeeded in forming a new political party in this city.

Miss Lang will open her campaign Wednesday night and will meet the public at the Opera House and outline her platform. She believes Washington needs a woman at its helm and if youth, good looks, and personal charm will influence votes in her favor then it is safe to say she will win over all the men in town.

MISS BETTY LANG.

As Impersonated by Mr. T. Roy Innes It appears that Miss Lang is only one of the characters in the jolly local talent play, "Betty's Campaign," which the Loyal Daughters will put on at the Opera House Wednesday. The part of Betty will be impersonated by T. Roy Innes, brilliant male soprano and impersonator who has a great reputation in this role.

TAPS TILL OF MEAT MARKET

Young Man Arrested for Burglary City Meat Market Saturday Night and Admits the Crime—Got \$18 in Change and 136 Postage Stamps.

Oscar Scott, aged about 21 years was placed under arrest early Sunday morning upon suspicion of having forcibly entered the J. H. Anderson Meat Market on Court street late Saturday night and stealing \$18 in money and 136 postage stamps from the cash register.

Scott was taken to the county jail and there confessed to the crime in the presence of Chief Moore, Sheriff Jones and others, admitting that he entered the store and purloined the money and stamps.

The young man, who had previously been under suspicion of turning similar tricks on a smaller scale, was suspected by Mr. Anderson, of having committed the burglary. Mr. Anderson, early Sunday morning had discovered the theft, and immediately notified the police, and Chief Moore took careful measurements of the thief's tracks at the back of the meat market.

When Scott was arrested he denied all knowledge of the crime, but when confronted with the shoe measurements and accused point blank he wilted and confessed.

Scott refused to state what he had done with the money, other than that he had paid a gambling debt.

Scott, in his confession, stated that he had entered the meat market about 2:30 Sunday morning, having entered by a rear door.

Within a few hours after the crime was committed the guilty party had been arrested and admitted the crime.

DEEP INTEREST AT WESLEY CHAPEL

Sunnyside people are taking an unusual interest in church affairs. Sunday afternoon witnessed the largest attendance at Wesley Chapel Sunday school in its history. There were 235 scholars present; 73 in Mrs. Simms' ladies' class and 44 in Mr. King's men's Bible class.

The church was crowded and it was necessary to do considerable rearranging before all the people could be seated. It is believed the school will attain a membership of 300 next Sunday, and the membership committee will try to bring it up to that number.

Following the Sunday school, Rev. J. V. Stone gave a good talk on the subject of health. He heartily endorsed the proposal of Mayor Oster for a "clean-up week" in Washington C. H. Rev. Stone baptized several children.

The singing was full of life and reminded a listener of the great nights at the Sunnyside tabernacle campaign, many of the tabernacle songs being used.

Sunday night there was a good attendance at prayer meeting which was conducted by Rev. John L. Dalbey, who gave a brief talk on the importance of prayer. It was announced that Rev. Dalbey will preach next Sunday night. A special Easter song service is being planned.

Never in the history of Sunnyside were so many people interested in religious matters as since the tabernacle meeting and they are anxious for all the religious services they can secure. They are beginning to realize how beneficial to a community it is to have a live church, filled with active, willing workers, conveniently located, and they eagerly attend all the services.

In Social Circles

Mr. Isaac Cavinee was given a most delightful surprise at his suburban home on the Greenfield pike, Sunday in honor of his birthday.

His children assembled with well filled baskets and the picnic dinner was a sumptuous one, including everything that culinary skill could devise.

Mr. Cavinee was showered with good wishes for many more happy birthdays.

Those who participated were: Mr. Beryl Cavinee and family; Mr. Marlon Wilson and family; Mr. George Yahn and family; Mrs. Sam Yahn and children; Miss Laura Cavinee; Mrs. Esther Brown of New Lexington, a sister; one daughter, Mrs. Chas. Adams, of New Lexington, was prevented by illness from attending.

The marriage of Miss Ella Baber and Mr. Wilfred Howsman, of Dayton, took place Saturday night at 8 o'clock at the home of the bride's sister, Mrs. Henry Sherritt.

It was a quiet family affair, but very pretty, with spring blossoms in graceful adornment.

The bride, who has been one of the most competent operators of the Ohio State Telephone Co., in this city for some years, and is an attractive young woman with many

friends, wore a becoming gown of blue crepe de chine, with cream net bodice.

Rev. P. J. Henness performed the ceremony.

Congratulations preceded an informal supper. Mr. and Mrs. Howsman will make their future home in Dayton.

Mrs. David H. Barchet has issued invitations for a "Bridge" Thursday afternoon.

Miss Ruth Grafton proved a charming young hostess Saturday night at a Tureen Club dinner of elaborate courses and pretty decorations of pink sweet peas and greenery.

Seated with Miss Grafton were two guests, Miss Neil McCartney of Delaware, and Miss Virginia Campbell and the club girls, Misses Doris Willis, Aileen Hess, Helen Baker, Jocelyn Bowen.

Mr. and Mrs. Rush Hays enjoyably entertained Mr. and Mrs. Addison Hays, Mr. and Mrs. Frank Hays and son, Paul, at dinner Sunday.

The Mary Boyd Hale Bible class will be entertained at the home of Mrs. Josephine Kerr Tuesday afternoon.

Miss Eva McClure, who is teaching in the Good Hope High school during the absence of Miss Stella West, spent Sunday at her home in Bloomingburg.

Mr. and Mrs. John Long arrived from Chillicothe and Miss Maude Clingsmith from Circleville, Monday morning, to attend the funeral of Mrs. Chas. Wilt.

Miss Laura Seldon was brought in the Klever ambulance from Greenfield to this city Monday morning to undergo an operation at the Hodson Hospital.

Mr. and Mrs. E. E. Cockerill left the last of the week for a visit with their daughter, Mrs. E. W. Horney, and son, Dr. Willard Cockerill, and family in Dayton.

Rev. J. W. Elliott, former president of the Ohio M. P. Conference, arrived in the city Monday morning to attend the funeral of Mrs. J. F. Henkle, Monday afternoon.

Mrs. E. B. Hukill and daughter Genevieve returned Saturday evening from a ten days' visit with relatives and friends in Logan and vicinity.

Rev. P. J. Henness, pastor, Mr. Sherman Reeder, Elder, of the McNair Memorial church, went to Wilmington Monday to attend the spring meeting of Presbytery.

Mr. and Mrs. R. R. Kibler spent Sunday with relatives in Greenfield and Maxine Kibler and Virginia were in Columbus with Mrs. Iva Evans over Sunday.

Mr. Bert Chaffin and Dr. W. E. Ireland spent Monday in Columbus at the Mt. Carmel Hospital with Mrs. Chaffin, who underwent a serious operation performed by Dr. Chas. Hamilton.

Mr. Orie Blackmore returned Sunday evening from Columbus, where he has been since last Wednesday, when Mrs. Blackmore underwent an operation at the Mt. Carmel Hospital. Mrs. Blackmore was resting comfortably Sunday and physicians were encouraging.

Miss Elizabeth Johnson and Mr. Walter Patton were guests of Mr. and Mrs. W. J. Galvin in Wilmington, Sunday.

Mrs. Charles Geiger arrived from Troy, O., Saturday evening for a week's visit with her daughter, Mrs. Alex. H. Ballard.

BANDITS RAIDED LUMBER CAMPS

Inflict \$100,000,000 Loss on
an American Concern.

FOLLOWERS OF ARIETTA

Colonel Dodd's Cavalry Reaches Parral, Where General Villa Recently Attempted to Rally the Armed Forces of the Place—Villistas Capture Small Garrison Near Jiminez. Peace Meeting at Torreon.

El Paso, Tex., April 10.—A report from Brigadier General Pershing, commanding the punitive expedition in Mexico, repeats the story that Villa, the bandit chief, is wounded. The report, which was made to General Funston, does not reveal the location of the bandit.

Colonel George A. Dodd's cavalry reached Parral, the general understanding is. Villa has been reported as having arrived on the outskirts of Parral and sent in emissaries to obtain supplies to sound sentiment to determine if he could rally the armed forces of that place to his standard. Apparently he failed in this and may have hastened away.

While Colonel W. C. Brown and the Tenth cavalry were believed to be leading in the race to Parral, army headquarters officers have information inclining them to believe that Colonel Dodd, with his picked detachment of troopers, was the first American column to reach that point, which is not far from the border between the states of Chihuahua and Durango.

Anti-American sentiment is spreading in the section Villa is entering. This was shown by the confirmation of the news that the Arietta brothers, formerly identified with the bandit general, have inflicted \$1,000,000 loss on an American concern by burning the big lumber plant of the Compania Madera, in the state of Durango.

Shouting, "Down with the Gringos," the Arietta bandits made a raid upon the plant and deliberately applied the torch. Hiram Smith, president of the company owning the plant, received advices telling of the raid. Villa has been trying to reach this section of Durango, where bands of outlaws, formerly of his command, have been terrorizing the residents. He has sent ahead word to kill all Americans and destroy all American property.

News has just reached here of the raid on a small garrison in a town near Jiminez. The Villistas, retreating south before the driving American advance, entered the town, attacked the garrison, killed Colonel Flores, commander of the Carranza troops, and looted the place. They appealed to the Carranza soldiers to join them in opposing the Americans.

Telegrams from Torreon announce that a peace commission is meeting near there with General Jose Banderas and his band of Villistas to discuss terms by which the Villa adherents can surrender. Banderas offers to surrender within a week if allowed six weeks in which to bring all his men in, but the Carranzistas insisted on shorter time, fearing Banderas was playing for time in which to permit Villa himself to reach that section and take command.

OPEN SHOP SECURED

Striking Streetcar Employees at Toledo Return to Work.

Toledo, April 10.—The Toledo streetcar strike was ended last night, and cars are in operation today. The men were given an increase in wages of 3 cents an hour, but they will not be permitted to wear union buttons and the open-shop rule will prevail.

The settlement came at a conference called by representatives of the union, when it was seen that they stood to lose under the proposed receivership, which was to have been put into effect by Judge John M. Kilts of the United States district court. The scale runs from 25 cents to 32 cents an hour.

The tieup resulted a week ago last Tuesday, when the men reported for work wearing the official insignia of the recently formed union. The company then sent its cars into the barns and since that time all Toledo persons have had to walk or depend on automobile buses to take them to and from their work at exorbitant prices.

Mayor Charles M. Milroy said: "In many ways this has been the most remarkable strike in the history of street railway controversies. There was no attempt on the part of the company to operate cars during the thirteen days of idle rolling stock. There was no violence, not a brick thrown nor a single police call."

GERMANS FORGE ON AT VERDUN

French Forced to Evacuate the Wrecked Village.

ESTABLISH A NEW LINE

Withstand Furious Assaults Delivered by the Army of the Crown Prince.
Attacks Launched by Germans Cover Practically the Entire Verdun Front—Operations in Other Theaters of War.

Paris, April 10.—The French evacuated the village of Bethincourt, which formed the apex of the salient on the western bank of the Meuse, against which the Germans have been pounding for days with heavy artillery and with frequent infantry attacks.

The French established a new line, which withstood furious assaults made later by the crown prince's army.

From the information now available it seems probable that the violent German attack on the western side of the river, made simultaneously with two extremely heavy assaults on the eastern bank, thus practically covering the whole Verdun front, was undertaken by the Germans as soon as they learned of the withdrawal from Bethincourt, in the hope of finding the new French line in this sector not yet strong enough to resist them.

The evacuation of Bethincourt has been regarded by military experts some days ago as a military necessity, since it was evident that the group of ruins representing the village was so situated as to make it practically untenable under the protracted fire of the German heavy artillery. The German commanders, anticipating the withdrawal, appeared to have timed their attack, which might almost be called a general assault on the Verdun front, to coincide with the evacuation. But the evacuation had been safely completed in the night, and troops were waiting in the new trenches at the rear when the attack finally was made.

The official announcement indicates that the fighting was of a most violent character. At one point on the southern edge of the Bois Avocourt, a German assaulting column gained a temporary footing in a French position, but was immediately driven out again by a counter attack.

The Germans, debouching from their position in the Cumieres wood, advanced in masses under the concentrated fire of the French 75's and mitrailleuses. The French broke up their formations and they finally withdrew, leaving hundreds of dead on the field. Repeated assaults were made on Le Mort Homme, and here again the Germans lost heavily.

On the eastern bank of the river the attack did not get beyond the stage of artillery preparation, the German troops not being able to leave their positions. The Cote du Poivre and the Bouaumont-Vaux sector were the portions of the French line against which the German artillery directed its most violent fire on the eastern bank, the French second lines being shelled with particular thoroughness.

The offensive of the Russians against the Germans in northwest Russia has simmered down to mutual bombardments and attacks by the German and Russian aviators.

Considerable fighting between the Turks and the Russians has taken place in the Black sea littoral, with the Turks the aggressors. Three attacks against the Russian entrenchments on the right bank of the Karaders were without result. Along the entire Austro-Italian front the artillery of both sides has been active.

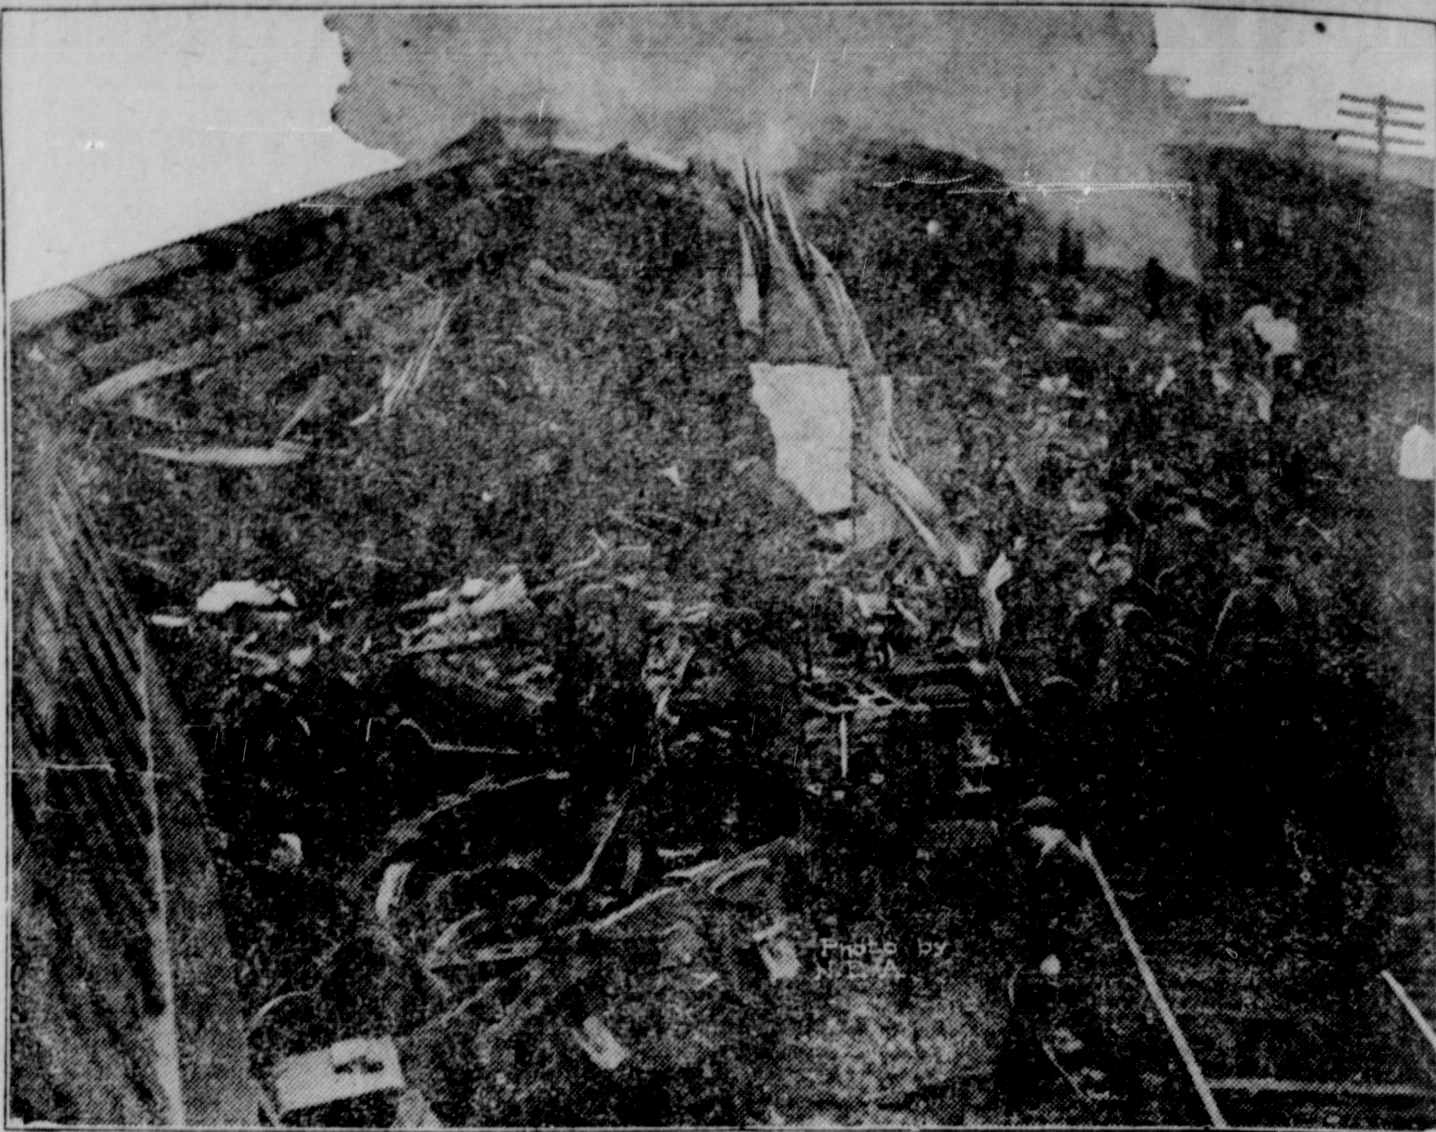

The British steamers Adamton and Avon have been sunk, presumably by submarines.

UGLY AFFAIR

(By American Press)

Washington, April 10.—Serious trouble has developed between the colored troopers of the Twenty-fourth infantry at Del Rio, Tex., and residents of Del Rio, according to a telegram received by Representative Garner of Texas, and referred by Mr. Garner to Secretary Baker. The telegram, which is signed by District Judge Joseph Jones, District Attorney C. C. Belcher and Sheriff John R. Ammond, declares that the trouble at Del Rio started following the killing of a soldier of the Twenty-fourth infantry by a member of the Texas rangers. It adds that a large number of negro soldiers of the Twenty-fourth infantry surrounded the ranger's house, firing volleys of shots, but without

casualties. The telegram urged that steps be taken at once to prevent bloodshed.

Immediately upon receipt of the telegram the secretary of war telegraphed General Funston to make an investigation and to take precautions to obviate the possibility of further trouble. Secretary Baker also directed that a full report of the incident be sent to him without delay.

GERMAN CAMP

British Prisoners of War Reported Ill Treated.

London, April 10.—The foreign office issued a report of the government committee on treatment of British prisoners of war at the German prison camp at Wittenberg during the typhus epidemic last year. The report is signed by Justice Younger, chairman of the committee. It is based upon information collected from repatriated prisoners of war, including Major Priestly and Captains Vidal and Lauder, all officers in the Royal army medical corps.

It disclosed a story of terrible suffering and privation under the most appalling conditions. After describing the location of the camp, which occupies an area of about ten and a half acres, the report says some 16,000 or 17,000 prisoners are confined therein, including British, French, Belgians and Russians.

The report states that "overcrowd-

ing was most serious." Typhus appeared in December, 1914. "Thereupon, the German staff, military and medical, precipitately left the camp, staying away until August, 1915. During that period communications between prisoners and guards was made by guards or officers shouting instructions from the outside wire entanglements of the camp.

The report adds: "All supplies for the men were pushed into the camp over chutes, while food for the hospital and medical officers passed in on a trolley, so as to avoid all contact between the prisoners and the outside world. No medical attention during the whole time was provided by the German staff."

The camp conditions were too much for the British medical officers. Two of them, Major Fry and Captain Sutcliffe, soon sickened and died of typhus. Major Priestly saw delirious men waving their arms, brown to the elbow with fecal matter. The patients were alive with vermin.

GONE AGAIN

(By American Press)

Washington, April 10.—Army officials here would not be surprised to learn that Villa has again given his pursuers the slip.

With reports from General Pershing indicating that the advance columns of the American expedition were close on the heels of the bandit leader, the war department confidently expected that a report of Villa's actual capture would be received in Washington by Sunday. When it did not come the hopes of officials here began to dwindle.

The Mexican embassy is still awaiting a reply from Secretary of State

Lansing to the request of the Carranza government for information as to how long the American forces will remain in Mexico and the distance to which the expedition will proceed in its pursuit of Villa. It is because of Carranza's insistence that a time limit be placed on the expedition that the negotiations for a protocol have been held up.

SYNOPSIS.

Little Helen Holmes, daughter of General Holmes, railroad man, in rescue from imminent danger on a scenic railroad by George Storm, a newsboy. Grown to young womanhood, Helen saves Storm, now a fireman, her father, and his friends. Amos Rhinelander, financier, and Robert Seagrue, promoter, from a threatened collision. Safebreakers employed by Seagrue steal General Holmes' survey plans from the cut off line for the Tidewater, finally, find an accidentally made proof of the survey blueprint. Storm is employed by Rhinelander. Spike, befriended by Helen, in turn saves her and the right-of-way contracts when Seagrue kidnaps her. Helen and Storm win for Rhinelander a race against Seagrue for right-of-way. Helen, Storm and Rhinelander rescue Spike from Seagrue's men.

(Continued from Yesterday's Herald)

"A DASH THROUGH FLAMES"

While the fight was going on in the two camps, Seagrue, ignorant of what was taking place, urged his claims before the city council in Las Vegas for a right of way through their city property.

The council listened coldly to his demands. And the chairman of the ordinance committee, after a conference with its members, informed Seagrue that what he asked was unreasonable. "The Copper Range & Tidewater railroad has one right of way through the city property. We cannot grant another."

Seagrue took the rebuff calmly. Without abandoning further effort to induce favorable action in behalf of his road, he stopped a passing messenger boy, wrote a telegram and handed it to him for dispatch. What the councilmen thought of the situation did not seem to disturb Seagrue materially, for having done this, he turned again to the committee and renewed his argument.

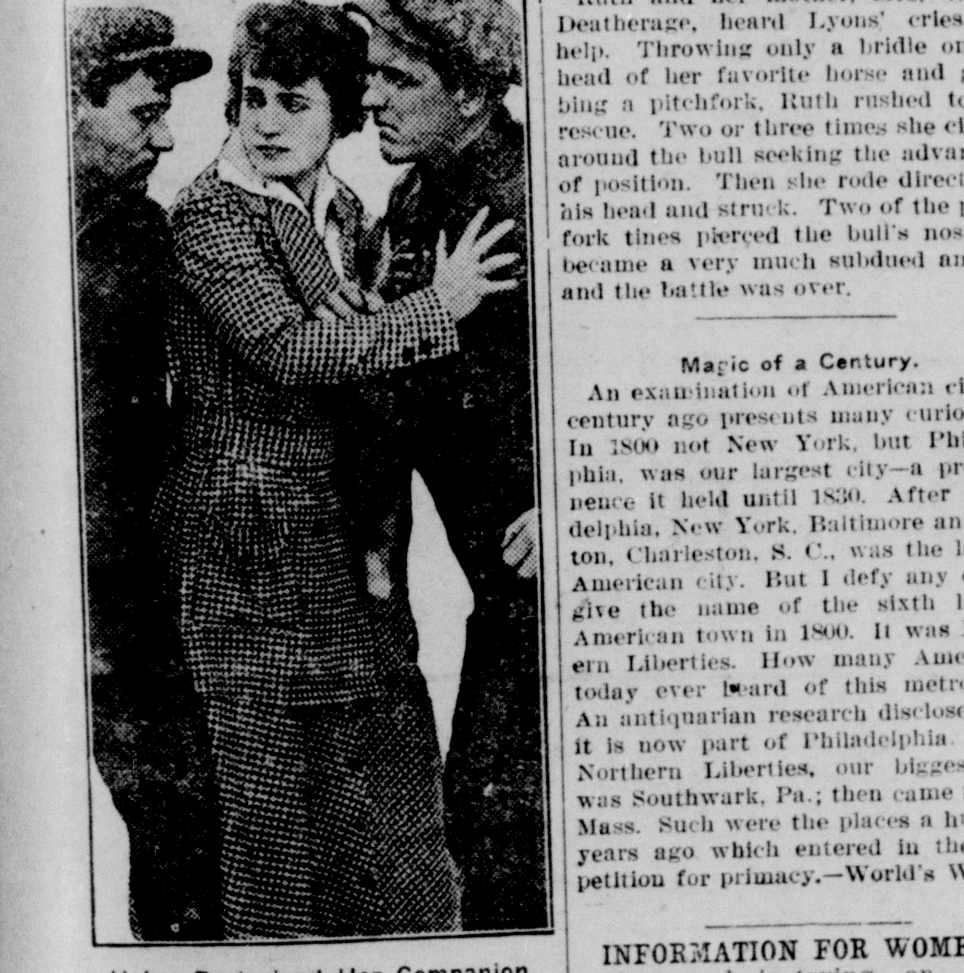

Helen, with Rhinelander, Storm and Spike, was heading, in Seagrue's machine, for the bridge on which they had just derailed the outfit car toward camp. Storm, looking back, discovered that the ditched car had caught fire and was burning up.

"It's small loss," said Storm. "And, anyway, it would cost more time and money to get it on track again than the car is worth."

"But," exclaimed Rhinelander, urging haste as he suddenly bethought himself of the contents of the burning car, "my most important deeds are in that car."

"What do you mean?" demanded Storm.

"I mean what I say," explained Rhinelander. "The right of way deeds for a lot of our property around here

HOW NATIONAL AND AMERICAN LEAGUE TEAMS WILL LINE UP ON APRIL 12

WHEN the sixteen major league clubs start the 1916 marathon on April 12 there is a possibility that thirty players who are new to American and National league fans will be in the batting orders of the different teams. Below is the probable makeup of each club. Of course the lists are not official, but they are what may be expected from present indications.

Contrary to the general belief, former Federal leaguers do not hold the whip hand among the newcomers. Just one club in the American, Detroit, will open with the same front from leadoff man to pitcher that was used last season. In the National the Phillies will present the same lineup, as will probably the Pirates.

Following are the probable lineups of the teams as they will face each other April 12:

NATIONAL LEAGUE.

St. Louis-Pittsburgh.

Roy Corhan, a certainty, and either Jack Smith or Walton Cruise in the outfield will be the new faces in the Cards' lineup when they face the Pirates in the first game.

The Pirates, although they slipped badly last season, will probably rely on the same players they used in 1915. Neither of the newcomers, Schultz or Smith in the infield, has shown much.

* Indicates new player.

CARDINALS. Rescher, lf. Beck, 2b. Smith, cf. Miller, 1b. Betzel, 2b. Corhan, ss. Snyder, c.

PITTSBURGH. Carey, lf. Johnson, 1b. Barney, cf. Hinchman, rf. Wagner, 2b. Viox, 2b. Baird, 2b. Gibson, c.

CINCINNATI. Sallee, Doak, Meadows, Ames, Griggs, Steele, Jasper, Warhop, Hall, pitchers; Gonzales and Brotemmel, catchers; Butler, Huggins and Hornsby, infielders; Wilson and Long, outfielders.

PITTSBURGH-Adams, Harmon, Cooper, Kautleiner, Mammox, Hill, Moran and Slattery, pitchers; Wilson, Schmidt and W. Wagner, catchers; Schultz and Smith, infielders; Altenburg and Costello, outfielders.

Cincinnati-Cubs.

Although Manager Herzog grabbed six Federal leaguers, it looks as if the holdovers have the call. John Beall, grabbed late last fall, has the preference for the only open position, center field, and is scheduled to start there. That will be the lone change in the battle front.

Joe Thicker of the Cubs has practically decided on his lineup, which includes six former National leaguers and three Feds. The latter are Flack, Yerkes and Doolan.

CINCINNATI. Kilfliter, lf. Groh, 2b. Herzog, ss. Beall, cf. Griffith, rf. Rodgers, 1b. Mollwitz, 1b. Wingo, c.

CHICAGO. Flack, cf. Williams, 2b. Zimmerman, 2b. Sallee, lf. Mann, lf. Yerkes, 2b. Doolan, ss. Archer, c.

CINCINNATI-Toney, Dale, Schneider, McKenney, Lear, Moseley, Schulz and Mitchell, pitchers; Clark and Huhn, catchers; Loudon and Esmond, infielders; Anderson and Williams, outfielders.

CHICAGO-Brown, Seaton, McConnell, Lavender, Prendergast, Packard, Vaughn and Pierce or Humphries, pitchers; Fischer and Clemons, catchers; Mulligan, McCarthy and Zeider, infielders; Zwilling and Schulte, outfielders.

New York-Philadelphia.

Of course Benny Kauff will be the main addition to the Giants, but McGraw has a youngster named Kelly who is expected to show up in great style. The infield will be the same. McGraw has practically the same pitchers, with Anderson of the Buffeds a newcomer.

For the Phillies to repeat their triumph of last season Grover Alexander and the other flingers will have to do just as well as they did in 1915. The only new men for the Phils will be Devore and Good, two veteran outfielders, and Karl Adams, a pitcher formerly with the Cubs.

NEW YORK. Burns, lf. Doyle, 2b. Lebert, 2b. Kauff, cf. Merkle, 1b. Fletcher, ss. Kelly, rf. Kilfliter, c.

PHILADELPHIA. Stock, 2b. Bancroft, ss. Paskert, cf. Cravath, rf. Luderus, 1b. Whitted, lf. Niehoff, 2b. Kilfliter, c.

NEW YORK-Tesreau, Peritt, Mathewson, Anderson, Stroud, Benton, Palmero, Schupp, pitchers; Doolin and Wendell, catchers; Brainard, infielder; Rousch and Robertson, outfielders.

PHILADELPHIA-Alexander, Mayer, Rixey, Baumgartner, Chalmers, McQuillean, Demaree, Tincup and Adams, pitchers; Burns and Adams, catchers; Byrne and Duguey, infielders; Good and Devore, outfielders.

Boston-Brooklyn.

Ed Konetchy, former Cardinal and Pirate, last season with the Pittsburgh Feds, will be the only new face in the Braves' lineup this year.

There's no telling about Brooklyn. Robinson has a veteran pitching staff, a veteran infield, Jimmy Johnston will be the only addition to the infield, while Chief Meyers has been grabbed from the Giants to help out behind the bat.

BOSTON. Snodgrass, cf. Evers, 2b. Connolly, rf. Magee, lf. Konetchy, 1b. Smith, 2b. Maranville, ss. Gowdy, c.

BROOKLYN. O'Mara, ss. Daubert, 1b. Stengel, rf. Wheat, lf. Cutshaw, 2b. Johnson, cf. Getz, 2b. McCarty, c.

BOSTON-Rudolph, James, Tyler, Neff, Hughes, Ragan, Allen, Kneitzer, Reulbach and Davis, pitchers; Blackburn and Traggess, catchers; Fitzpatrick and Egan, infielders; Compton, Collins and Wilhoit, outfielders.

BROOKLYN-Pfeffer, Marquard, Cheney, Dell, Rucker, Coombs, Smith, Appleton,

MAGEE TOLD STALLINGS SOMETHING.

In one of his raving moods on the bench George Stallings hauled Sherwood Magee over the coals. Magee wasn't quite agile enough in the outfield that day to suit his boss. "There you are," exclaimed George to Sherwood when the latter came in between innings, "playing the field on one foot." "Uh, huh," responded Magee tranquilly, "that's a hard thing to do. I'm the only outfielder in the league that can do it."

OFFER 500 SCHOOLS FOR OHIO FARMERS

Are we going to hold a farmers' institute or extension school in our town or community next winter? Fifty agricultural extension schools and 450 farmers' institutes will soon be scheduled for sessions next fall and winter. If we desire to secure one of these schools, we should send at once to the Agricultural College Extension Service, Ohio State University, Columbus, for application blanks, so that an equal distribution of schools can be made. A number of local farmers' clubs and granges over the state have been arranging for the schools in connection with their yearly activities. The Extension Service is adding a number of new features and demonstrations for educational purposes in the schools and institutions to be held next season.

MUCH INTEREST IN STREET WORK

A great deal of interest is being manifested in the street improvement work which was launched last week, and which is moving forward very rapidly with every favorable day.

More than half of the excavation work on Hinde street has been completed and the steam shovel of The Andrews Asphalt Company is working every hour the weather will permit.

The work of distributing brick along South Main street also is now under way, and the work of excavating on that street will be pushed forward this week.

Sewer work on Paint street is moving forward quite rapidly.

New Water mains will be laid on part of Paint street, and citizens residing on East Paint street between North and Delaware streets, are urging the necessity of fire hydrants on that street, as there are none at the present time.

The B. & O. is distributing brick for the paving about the Union Station, and this paving will be completed within a short time.

PLANS FORMULATED BETTERMENT OF RACE

The General Welfare Association for the betterment of the Colored race held a meeting with the Second Baptist Church, April 9, 1916. Rev. J. O. Halthcox was appointed chairman of the meeting and Emile L. Anderson secretary.

Delegates from the different lodges, churches and other societies were the ones who had a voice in the meeting. The purpose of the meeting was to form plans for the betterment of the race, branching out specially to reach those who do not attend the churches and to make better citizens of them.

The movement aroused much enthusiasm.

Next Sunday at three o'clock p. m. a meeting will be held at the A. M. E. church. Rev. J. M. Thompson, chairman and Mrs. Wingo, secretary.

LITTLE WORK DOES MUCH GOOD ON ROAD

In the Hagler neighborhood on the Chillum pike a few of the property owners in that community recently obtained permission to run the road scraper over the pike and then follow it with a road drag.

The result was almost unbelievable, and as a consequence the pike is now in very fair condition, while the road not so treated is almost impassable.

The work demonstrates what a little work and not so much talk will do, it is argued by those who have witnessed the results on the Chillum pike.

One of the men who took part in the work states that all of the work took less time than attending a "good roads meeting" in the county seat.

PEACH CROP SAFE

Fruit men are of the opinion that the peach crop, so far, has passed the winter in safety, and that nearly all fruits have been equally fortunate in escaping serious winter damage.

Predictions are made that unless the buds are damaged from now on the fruit crop will be large again this season.

As a usual thing when the peach buds escape damage nearly all other fruit buds pass through the winter in safety.

"PREPARED" DELEGATES ASSEMBLE

Fleventh Annual Convention of the U. S. Navy League Opens in Washington To-day.

By Associated Press.

Washington, April 10. — Delegates representing every state in the union are in attendance at the opening session today of the eleventh annual convention of the Navy League of the United States.

Some of the country's foremost authorities on international law, commerce and military and naval science are on the program to describe what they believe to be adequate preparedness for national defense.

Robert M. Thompson, president of the league, declared that while the that class which is opposed to preparedness, we trust that you will love us for the enemies we have made.

"The league was founded by men who believe," Colonel Thompson continued, "that an efficient and adequate fleet was the best defense against invasion."

"England is spending millions of dollars a day," declared Colonel Thompson, "because she failed to spend at the proper time."

A good part of the first session was given over to attacks on Henry Ford for his anti-preparedness propaganda.

Dr. Albert Hart, of Cleveland, was among this afternoon's speakers.

AH! TAX DODGER GUILTY PARTY

By Associated Press Dispatch.

Columbus, O., April 10.—James Boyle, state tax commissioner, who has been working on the problem of giving financial relief for a month, has reached only one conclusion, he says. That is that cities could have all the money they need if it were not for their tax-dodgers.

"This is the principal trouble with the taxation situation," says Mr. Boyle. "City officials who complain against state laws and tax rate restrictions should turn their guns of criticism on the local financiers who fail to return their moneys and securities for assessment. These men are responsible primarily for financial stringency in cities."

SOME CORN

By Associated Press Dispatch.

Washington, April 10. — Corn production in the 1915-16 season in the ten leading producing countries, which grow more than 92 per cent of the world crop, was 3,727,260,000 bushels, or 5.7 per cent more than the previous season's output, according to preliminary estimates sent by cable to the Department of Agriculture today from the Industrial Institute of Agriculture, at Rome.

BURNED TO DEATH

By Associated Press Dispatch.

Canton, O., April 10.—Clifford Walker, 11, was burned to death by an explosion of kerosene in his home Sunday evening.

His father, mother, sister and two brothers were badly burned in an effort to save his life and to extinguish the blaze.

The boy poured oil on wood in a stove to light it more readily. It exploded when he touched a match to it.

SCHOOL TEACHER

Anaemic Run-Down, Nervous—How She Recovered.

There are so many cases like this right here in Washington Court House that we are publishing this interesting letter with the hope that some of our customers will try Vinol and get the same happy results that Miss Baez did.

Key West, Fla.—"I am a teacher and became anaemic, nervous, run-down, no energy or desire to do anything. I could not sleep and had that languid, nervous feeling that made me a burden to myself. I had taken various tonics, without benefit. I heard of Vinol and tried it. Soon I had a good appetite, could sleep all night and it built me up so I have the ambition to do any kind of work." Mary L. Baez, Key West, Fla.

The reason Vinol was so successful in this case is because it is a constitutional remedy that goes to the seat of trouble. The peptonate of iron contained in Vinol enriches and revitalizes the blood, while the strengthening, tissue-building, properties of the extractives of cods' livers and beef peptone aid in building up the tired, overworked, run-down system. NEARING PARRAL

Associated Press Dispatch.
SAN ANTONIO, TEXAS, APRIL 10.—MAJOR GENERAL FUNSTON RECEIVED FROM GENERAL PERSHING TODAY A REPORT "FROM A POINT BELOW NAMIQUIPPA," RELATIVE TO SUPPLIES BUT CONTAINING NO REFERENCE TO CAVALRY COLUMNS BELIEVED TO BE IN THE VICINITY OF PARRAL.

THE DETAILS OF THE REPORT WERE NOT REVEALED.

Washington, April 10. — Secretary Lansing and Secretary Baker both declined to comment today on border reports that an agreement between Washington and the Carranza government had fixed a "deadline" beyond which the American troops would not go in their pursuit of the Villa bandits.

Secretary Baker declared, in answer to questions, that such an agreement would be a subject not under the War Department's jurisdiction.

SALAZAR ACTS STRANGELY

Associated Press Dispatch.
El Paso, Texas, April 10.—There is considerable mystery today over the reported crossing of the border by General Ynez Salazar, the former Huerta general, who has been living here and who is said to have gone into Mexico with avowedly hostile intentions toward the United States.

The story of the crossing was told the police by a man who has been closely associated with Salazar. An investigation was made, and later the police announced they believed the story to be true.

A proclamation was discovered, purporting to be signed by Salazar, in which he called upon all patriots Mexicans to join him in the protection of Mexican soil.

CRISIS IS NEAR

Associated Press Dispatch.
San Antonio, Texas, April 10.—Army officers at Major General Funston's headquarters were almost convinced today that by the end of the week the work of the punitive expedition in Mexico will have reached a critical stage.

Reports from General Pershing

indicate that he is driving his cavalry farther and farther into Mexico, in spite of the increasing danger that they soon may be beyond reach of the commissary department and out of touch with an adequate support.

DIFFICULTY GROWS

By Associated Press Dispatch.
Columbus, N. M., April 10. — Increased care is being taken to keep intact the American line of communication, now nearly 400 miles long.

New reports of scattering bands of Mexicans gathering westward of the motor trail from Columbus to Casas Grandes were received today.

The reports were vague and unconfirmed, but it was known that official cognizance was being taken of them.

THE CLEVELAND HARBOR JAMMED

Cleveland, O., April 10. — Congestion of freight waiting to be moved on the Great Lakes has brought about a situation unparalleled in inland water history, according to a statement issued today by the Lake Carriers' Association headquarters here.

The volume of grain and iron ore freight under contract, says the statement, has now reached 100,000,000 tons.

Fishing tugs were held in port today by seven miles jammed 12 feet thick near the shore.

The fishing season here is 26 days late now, according to fishermen.

One tug tried to get out today in the wake of a freighter, but both had to put back.

Seventy Years of Age
John Nolan Serves
Half His Life in
Prison.

By Associated Press Dispatch.
Columbus, O., April 10. — After serving more than half of his life behind prison walls, John Nolan, aged 70, died today from infirmities in the hospital at the penitentiary.

The aged prisoner, his hair nearly entirely white, began the last of six prison terms in May, 1914, when he was sent to the penitentiary to serve an indeterminate sentence for horse stealing in Scioto county.

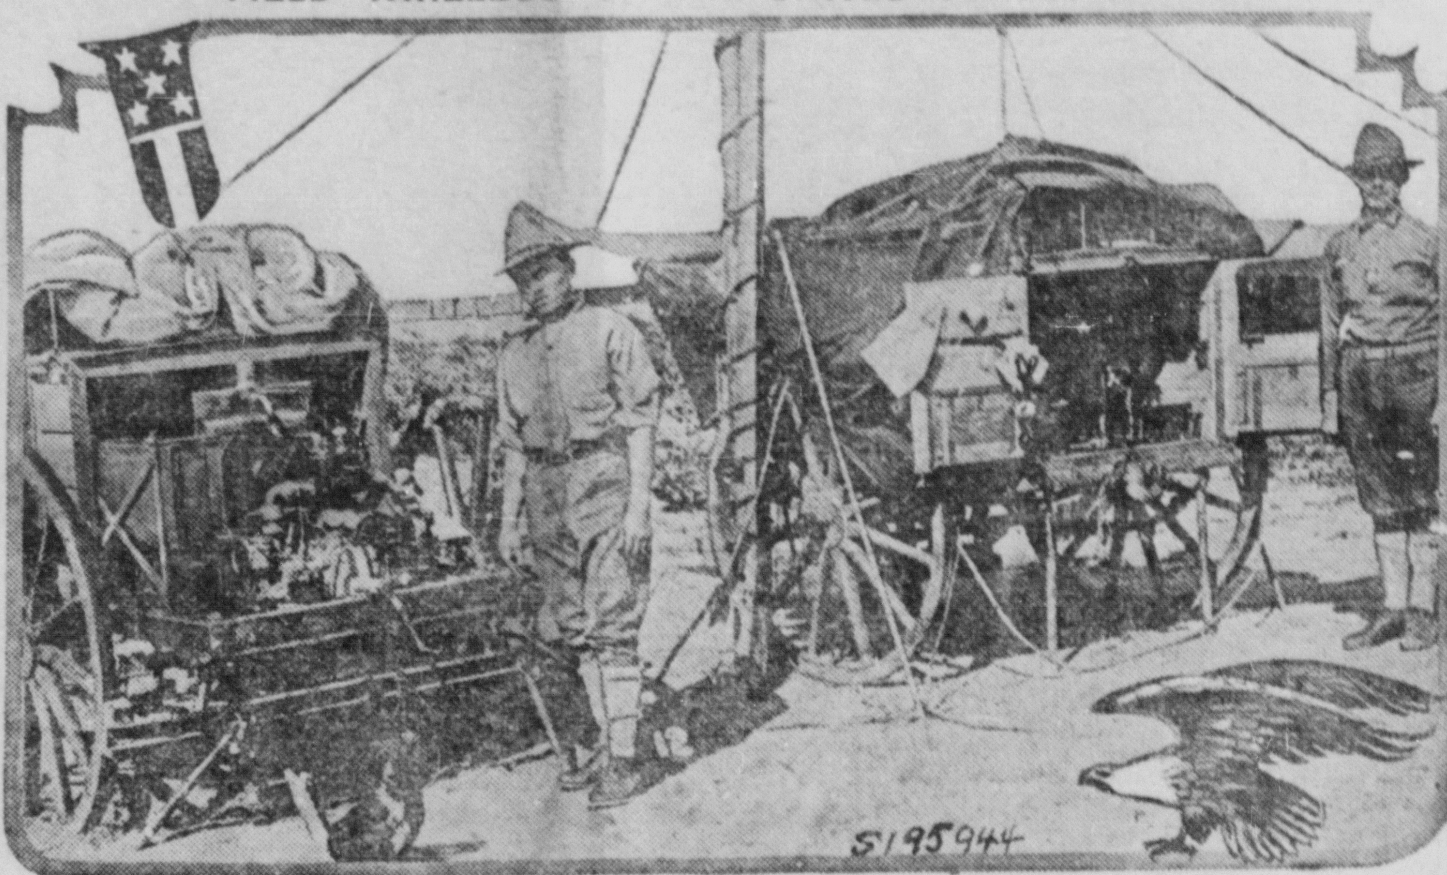

Previously, he had served one term in the Ohio penitentiary, two in the Indiana State prison, one in Illinois and one in Michigan.

He served his first term in the Ohio penitentiary more than 20 years ago. In all, he has spent more than 36 years in prison.

MAYOR TO LEAD CLEAN UP FORCE

By Associated Press Dispatch.
Columbus, O., April 10.—Mayor George J. Karl of Columbus has announced his intentions of donning overalls, carrying a shovel and stable broom, and marching at the head of a parade at the opening of "clean up week," set for May 1. George W. Gillette, secretary of the chamber of commerce will be the mayor's marching partner and will carry a feather duster. Other marchers will carry rakes, brushes, mops scrubbing brushes or waste baskets, suggestive of the "clean up" spirit.

ON LUCKY THIRTEEN CARS RUN

Toledo Folks Have
Higher Fare, But
No Longer Walk.

By Associated Press Dispatch.
Toledo, April 10. — For the first time in 13 days, this city has street car service.

In each car there was posted a notice that, beginning today, cash fares will be 5 cents and tickets will be sold at the rate of 6 for 25 cents.

The three-cent rate, which had been effective during rush hours, is abolished.

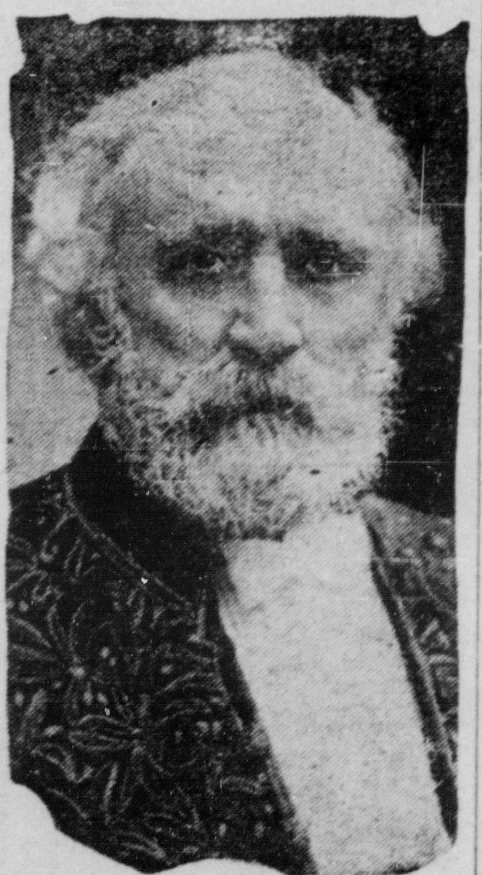

The formal agreement between the Toledo Railways & Light Company and the Amalgamated Association of Street and Electric Railway Employees was ratified last night at a mass meeting of the carmen. The men are denied the privilege of wearing the union button.

The company will continue to conduct its business on the open-shop plan, with no discrimination between union and non-union men. The men received an immediate increase in wages of 3 cents an hour.

It is possible for the company to increase fares without consent of the city, as it has no franchise and can fix its own rates.

GERMAN ATTACKS ARE CONTINUED

(Associated Press Cable)
Paris, April 10. — The Germans continued their attacks last night in the Verdun region east and west of the Meuse over a front 13 miles long from Hill No. 304 to Fort Douaumont.

The War Office announcement of this afternoon says that, in the fighting west of the river for possession of Dead Man's Hill, the Germans were repulsed except on a front of 500 yards near Hill No. 295.

East of the river, the German assaults gained no appreciable results.

NOT GUILTY SAYS WAITE

By Associated Press Dispatch.
New York, April 10.—Dr. Arthur Warren Waite, who has confessed to poisoning his father-in-law John E. Peck, millionaire drug manufacturer of Grand Rapids, Mich., entered through his counsel today a plea of not guilty when arraigned on the indictment charging him with murder in the first degree.

His counsel, however, reserved the right to change the plea within ten days.

LONDON THINKS NEUTRAL IDEA

London, April 10.—A proposal put forward by neutral governments with the idea of obtaining immunity from capture for vessels owned by nations at war with Great Britain and placed in service by neutrals, will receive careful consideration from the British government.

The War Trade Minister Lord Robert Cecil made this statement today, in response to a question in the House of Commons.

GASOLINE PROBERS GIVE DATA

Reports of Federal
Trade Commis-
sion a mass of fig-
ures and statistics.

Exports partly blame
for big rise in price
of auto food.

By Associated Press Dispatch.

Washington, April 10.—The Federal Trade Commission today represented to Congress a preliminary report of its investigation of the rise in the price of gasoline.

The report carries a mass of statistics on production and prices, but draws no conclusions as to the cause of the increase of the latter. The report says:

"If prices are found to have been raised to higher levels in some sections than in others, making due allowance for quality of product, freight and marketing conditions, it may be inferred that an element of artificial manipulation has entered into the advance."

Suggestions that increasing exports have been partly to blame for higher prices are considered in a table that showed 1915 exports amounted to 15 per cent of the entire gasoline content of all the crude petroleum produced in the United States within the year.

Exports for the year of gasoline, naphtha and benzine totalled 284,300,000 gallons, against 238,500,000 in 1914, and 188,000,000 in 1913.

SOME COIN FOR NAVY PROGRAM

Subcommittee Begins Work of Framing the Bill.

BIG FIGHT ANTICIPATED

Next Year's Program For Monster Battleships Expected to Arouse Heated Controversy—New Measure Includes the Administration's \$500,000,000 Five Year Program For Building New Fighting Ships.

Washington, April 10.—Chairman Padgett of the house naval subcommittee on appropriations hopes to lay the naval appropriation bill before the house by April 26.

Work was commenced today on the framing of the bill, which includes the administration's \$500,000,000 five year program for new fighting ships.

While there are many legislative features in the bill which will require debate in the subcommittee and later before the full committee, the big fight is expected to come over the 1917 program for capital ships. Secretary Daniels has recommended the authorization of two dreadnaughts and two battle cruisers. The navy general board contended for three battleships and four battle cruisers. Present indications are that the subcommittee will compromise between the two views and recommended two battleships and four battle cruisers.

At the navy department work on the designs of the new ships to be authorized has progressed so rapidly that much of the delay heretofore experienced in advertising for navy craft will be eliminated. Plans for the battleships, large and small submarines, destroyers, gunboats, hospital ships and ammunition ships are virtually completed now. It will take only a few weeks after appropriation for the vessels is made to lay specifications before private builders.

Plans for the battle cruisers and scout cruisers also are under way, but will take some time to complete. These vessels and the 800 ton class submarines which Secretary Daniels has added to his program are new types for navy designers and it takes time to work out details.

MATRIMONIAL GRAFT IN OHIO RIVER TOWN

From apparently reliable authority comes the statement that in Iron town on the Ohio river a decidedly unusual custom has been carried on for years, whereby even the foremost ministers of the town, if they are to have "their share" of the marriages, have been compelled to pay to the court house janitor, or other menial county employee, one-half of the marriage fee paid, regardless of whether the fee was \$2 or \$10.

Nyal Liver Salts For Liver Faults

WHEN the liver is upset the whole system is out of tune. The general condition of your health is dependent upon normal liver action. To correct constipation and lighten the liver we unhesitatingly suggest the use of NYAL LIVER SALTS. Take it in the morning just before breakfast—you will feel better all day. The sluggish, inactive liver makes you feel out of sorts; slows you down; causes biliousness and sick headache. You cannot feel right when your liver is all wrong. When you feel run down and seem to lack endurance—your liver is probably out of order—undoubtedly it is badly in need of a good dose of NYAL LIVER SALTS. For prompt satisfactory results you can depend upon NYAL LIVER SALTS—a saline laxative that keeps the liver working right. Remember, that for stomach faults you should use NYAL LIVER SALTS. 25c and 50c the bottle.

SPANISH-AMERICAN WAR RELICS GET INTO NEWS

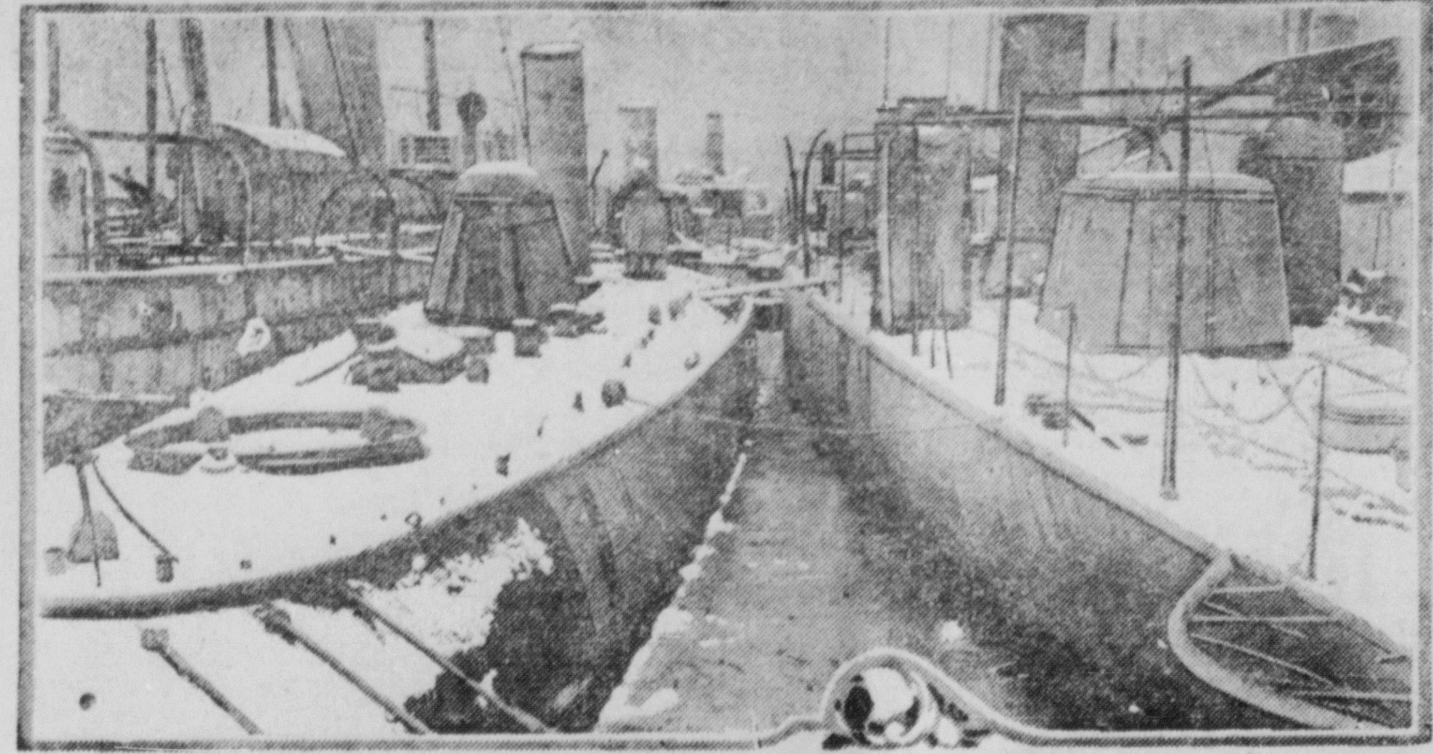

Photo by American Press Association.
The torpedo boats, Winslow and Porter, which had seen active service in the Spanish-American war and were later sold as junk. They are now at Erie basin, Brooklyn, and repeated rumors have circulated of secret activities on board the vessels. The latest is that some foreign country is now fitting them out for a dash to sea to prey on its enemy.

It was customary for the janitor, who is suspected of not standing alone in the nefarious work, to pilot the couple with a marriage license to the minister who would pay him half the fee. If a minister refused to pay the janitor, he would not be "patronized" by the brazen-faced janitor.

In recent months in the Iron town mentioned, as liberal, or more liberal arrangements have been made with two justices of the peace of the place, and the two justices are doing a wholesale business tying matrimonial knots.

It is also claimed that street car conductors stand in on the "grab" and if they "spot" a couple and induce them to go to a certain minister or justice, they except their half of the fee.

GOMPERS SUGGESTS

(By American Press)
New York, April 10.—President Samuel Gompers of the American Federation of Labor notified all central labor unions in the United States of the decision of the federation to ask the central unions, acting for the 2,000,000 members, to have a new anti-injunction law introduced in all of the state legislatures, in the belief that efforts will be made by powerful interests to curtail the rights of labor unions by means of legislative action.

ELK TURNED LOOSE

(By American Press)
Albany, N. Y., April 10.—Fifty elk from the Yellowstone National park have been liberated in the Adirondack forest preserve, in accordance with a campaign instituted by the Benevolent Protective Order of Elks of the state and the state conservation commission for the protection and increase of elk in the Adirondacks. This announcement was made by the conservation commission.

WIRE FLASHES

Mrs. Lillian Diebler and her two young daughters were suffocated and two persons were injured in a fire which swept the Diebler home in Detroit.

Mrs. Josie Castro and her daughter Annie were fatally burned when an explosion of oil set fire to their home in Cleveland.

Huge profits have been the reward of British ship owners the past year, according to consular reports of dividends declared by several companies. Twelve foreigners were badly burned at the plant of the Jones & Laughlin Steel company, Pittsburgh, when a ladle of hot metal was accidentally overturned and exploded.

Grand jury at Owensboro, Ky., returned three indictments against Craig Jones, former sheriff of Owen county, one charging him with failure to keep a book that the law requires and two charging embezzlement.

THE CORRECT WAY TO PRONOUNCE D-E-P-O-T

A student asked Dr. MacAllister, who was then president of Drexel Institute, how he pronounced depot. "As if spelled station," replied the old scholar.

Depot is surely a dead one. In large cities the word is never heard as applied to a railroad station. But it must have been otherwise 50 years ago.

The literature of America from the debut of the locomotive up to a generation ago was full of depots. A train never seemed to stop at any place other than a depot.

More than 70 years ago Longfellow referred to a fellow traveler who pronounce it to rhyme with teapot. The classier folks said daypo, but ordinary men and women said deepo.

PENNSY PRESIDENT TALKS OF SERVICE

Calling attention to the fact the Pennsylvania Railroad will be 70 years old this month, Samuel Rea, President of the company, in a signed statement bulletined today in every station on the System, says:

"In these seventy years we have learned much. Above all, we know that the future prosperity of our Company depends upon the continued confidence, co-operation and good-will of the people it serves.

"For what our railroad represents after these seventy years credit belongs:

"First, to our stockholders, whose capital made possible the development of this Railroad.

"Second, to those directors, officers and employees who have gone before, and to the 250,000 of us who are now working to make this railroad system better every day.

"Third, to a helpful and reasonable public."

RURAL CARRIERS ARE MAKING COUNT

All rural carriers in Fayette county are making a count by classification of every piece of mail they take up or deliver, and at the end of this month the figures will reach a surprisingly large number.

Each piece of mail is counted and classified, and the work requires much additional time each day.

This is the last discount day for gas and electric light bills.

SETTING EACH OTHER RIGHT

THE motorist in rural England had had a mishap on a flinty Norfolk road and was at the moment underneath the car executing repairs. The position is a trying one for the temper in any case, but when a Norfolk rustic came along and, after staring vacantly at the car, walked slowly around it several times the irritation found vent. "Well, my man, don't you know what this is?" he asked sharply. "It's a motorcar," said the "Norfolk dumpling." "Not at all, my man," snapped the owner. "It's an automobile." The rustic still stood staring. At last he said, "Of say, guv'nor, d'you know what this is on my shoulder?" "It's a scythe, of course," was the reply. "Oh, no, it ain't!" said the rustic. "It's an ought-to-mow-grass, but it wasn't!"

ROUGH STUFF BY POPULACE

(By American Press)

London, April 10.—An attempt to hold a nonsubscription and peace meeting in Trafalgar square was unceremoniously broken up by thousands of persons who charged and dispersed the procession and tore up the banners and flags. Various peace societies had organized the demonstration. Sylvia Pankhurst, the militant suffraget, was prominent among the promoters. After the procession had been dispersed, the leaders in the movement mounted the plinths of the Nelson column and endeavored to make speeches, but the crowd pelted them with flour and red and yellow ochre. The speakers faced the ordeal for five minutes and then beat a hasty retreat.

GENEROUS

(By American Press)

SAN ANTONIO, Tex., April 10.—The Mexican military authorities have offered the American punitive expedition the use of Mexican telegraph and telephone lines, according to General Pershing's report to General Funston. The offer was made to the aviators who landed in Chihuahua last week. General Pershing's report did not pass over the telegraph lines, however, but was transmitted via aeroplane and wireless routes to Columbus.

General Pershing said some supplies had been purchased in Chihuahua and that there appeared no disposition on the part of those with stores to withhold their goods, but that the limited amount of supplies at Chihuahua at present made it almost impossible to get provisions.

STEAMSHIP DISABLED

(By American Press)

New York, April 10.—With water pouring into her hold, the steamship Guajara of the Lloyd Brasileiro line, which left New York last Wednesday, is being towed into Norfolk, Va., by the passenger steamer Sixaola. The Guajara is a freight steamship and has no passengers. According to a wireless message she is in no danger and will be able to make port.

Contradictory. "Brevity is the soul of wit," observed the sage.

"Maybe," replied the fool, "but I never feel very witty when I'm short."

The Base Ball Season

This week on thousands of diamonds throughout the United States the base ball season of nineteen sixteen will be opened. The "fireside" league season closes formally, all over the land, next Wednesday when the welcome "play ball" is shouted by the umpires in the several major and minor leagues.

The base ball war is over and the disastrous financial troubles of the magnates as well as the season of worry for the fans, who couldn't watch two games at the same time, are behind us.

To the big leagues, the minor leagues, the college leagues, the amateur leagues, down to the big boys and the little boys on the corner lots the big time has come, the time of watching and waiting has passed.

Each and every one of the teams, no matter to what organization it belongs has its particular and peculiar claim to surge for patronage and its reason why this year there will be a different story to record when October comes again and time calls the whole season "out."

As usual, the followers of each particular team with a faith that is at once admirable and the foundation of base ball success, confidently believe that this year is the year. Everybody believes that victory will perch on the banners of their team this year. 'Twas always that way and always will be. That's what makes base ball popular. Surprising results justify that faith.

Your true fan remembers little of those who have been or what has been. His interests all center in who is and what is while the peculiar nerve racking play is on. That's why he forgets the disappointments of the past and faces the future so confidently.

It is a great, clean, honest gripping, game—this game of baseball—and in a class all its own.

Just a Little Supposing

The American railroads are breaking all records this year in the extent of betterments. They are buying more locomotives, more cars and repairing more old locomotives and cars than ever before in the history of railroads. The purchasing and rebuilding has not yet reached flood tide either.

The immense companies which contract rolling stock for railroads are literally swamped with orders, every railroad shop in the country is pushed beyond capacity with construction and repair work.

Not only that but in the betterment of the road bed, new ties, new steel, new bridges and new culverts, the work has been tremendous.

These known conditions of course are infallible proof that the railroads are enjoying a tremendous era of prosperity right now and are reasonably certain that that prosperity will continue for some time in the future.

Nevertheless, conditions compel speculation, whether it is profitable or not.

Knowing that every piece of material which enters into this vast work is from twenty-five to three hundred per cent higher than it was two years ago, one cannot help wondering why these long headed railroad magnates did not take advantage of dull times and low prices and do the improving then.

Millions of dollars would have been saved to the great carrier companies if they had but acted upon the faith that business conditions were certain to improve. Just like the ordinary run of folks though, the railroad men waited until the rush came and then joined in.

The Smith Law Hit

There is much force in the assertion of Auditor of State Donahy that the enormous increase in the debt of Ohio, state county and municipal, is due to the limitation of the so-called Smith law. Under that law, Mr. Donahy points out, the tax rate which can be levied is limited but no provision is made in that law or elsewhere in the statute books for curtailing the expenditures of public officials.

Consequently the expenditures have more than kept pace with the increasing needs of the growing state and demands of a progressive people.

Mr. Donahy points out, in effect, that the Smith one per cent tax rate limit law, so called, amounts to nothing so far as securing any real substantial saving to the people is concerned.

While the general tax rate is limited the cost of running the public business is the same as it always was, in an ever increasing proportion. We pay less general taxes, but our debt is piling up at an enormous rate.

Of course, there is an indirect taxation on certain vocations which has grown very popular and which so long as it is unobjectionable to by those compelled to pay it pours a volume of surplus into the treasury of the state.

Mr. Donahy may over-state his proposition in some particulars, but in the main he is correct.

The tax rate limit law is more of a political expedient than a law from which practical benefits flow to the people of the state.

The net results of this much talked of law seems to be to make the money for the tax spending officials more difficult to obtain.

Poetry For Today

LIFE LET US CHERISH.

Life let us cherish
While yet the taper glows,
And the fresh flow'ret
Pluck ere it close.

Why are we fond of toil and care,
Why choose the rankling thorn to wear,
And heedlessly by the lily stray,
Which blossoms on our way?

When clouds obscure the atmosphere
And forked lightnings read the air,
The sun resumes his silver crest,
And smiles adorn the west.

The genial seasons soon are o'er;
Then let us, ere we quit this shore,
Contentment seek; it is life's zest:
The sunshine of the breast.

away with ev'ry toil and care,
And cease rankling thorn to wear.
With manful hearts life's conflict meet,
Till death sounds the retreat.

SPECIAL EXTRA U. S. A. SUNRISE EDITION

FAIR WARNING.

WE believe that what is to happen will happen.

In other words, we give Lawyer Dodge due notice that if he brings another libel suit against the Kicker we will call at his office and make him eat all the papers in the case, with a few deeds and bills of sale as a windup.

OUR PROPHECY.

When Joe Wharton sold out his saloon here and started for Santa Fe we told him he was making a muck of it, and so it has proved.

He had scarcely got into the saloon business there when the vigilance committee lynched him.

A RUMOR VERIFIED.

The rumor that we are looking for another political office is true.

We now hanker to be fish commissioner of this golden state, thus giving us five soft snaps.

There is no cheek about this.

We are simply taking care of ourselves as an editor.

What is left after we are provided for can go to the modest and humble public.

YES, ADVERTISING PAYS.

A NOTHER instance that advertising pays.

Mr. John Holmes, the grocer, refused to advertise in the Kicker on the grounds that no one read advertisements.

We shot him in the shoulder, secured a half column ad., and yesterday he told us that his trade had doubled.

We stand ready to shoot and convince others.

POPULARITY.

Any one who argues that our popularity as mayor of this town is on the wane is referred to the fact that last week we had 288 invitations to take a drink.

Cocktails show which way the wind blows, and it is needless to say we accepted them all.

SOME CYCLONE.

They are telling of a little cyclone over at Grass Valley which blew the hair off a cinnamon bear and drew nails from fence posts.

We don't doubt it.

The only safe way for a man to keep his head in this country is to believe all he hears, especially if it seems improbable.

CLOGGED SWITCH IMPERILS LIVES

(By American Press)

Winsted, Conn., April 10.—Fast thinking by Engineer Carl H. Holmes of Waterbury saved many lives and only sixteen people were injured when his New Haven road train running thirty-six miles an hour from Winsted to Bridgeport, by way of Waterbury, was derailed by a half open switch between this town and Waterbury. When about 400 feet away from the switch frog at Jericho siding, which had become clogged with snow, Engineer Holmes became suspicious, and the next instant he threw on every ounce of air pressure his brakes would take. The momentum of the train was suddenly slackened, and only the engine, baggage car and two coaches left the rails. The engine went down an embankment with the engineer and fireman, but neither were seriously hurt. Three passengers were injured, but not seriously.

TEDDY IN BOSTON

(By American Press)

Boston, April 10.—"I am not going to see a single politician, and not going to have a single thing of a political nature to say while I am here," declared Colonel Roosevelt when he arrived here. The only people on hand at the station when the train came in were Dr. W. Sturgis Bigelow, whose guest the colonel is to be during his two night stay here, and a few others who had come to meet friends arriving on the same train.

NEW USE OF MOVIES.

Dying Man's Cry For Brother Flashed on the Screens.

Bridgeport, Conn.—The call of a dying man for his brother recently moved proprietors of local motion picture houses to flash this message on their screens:

"Your dear brother Jack is dying. He wants you, so please come home. Mrs. John L. Durant to Thomas E. Durant."

Thomas Durant saw the notice and immediately went to see his brother. The physicians now hope John Durant will recover, because he was overjoyed at seeing his brother again.

Thomas Durant left his home in Hartford several months ago to work in the Remington Arms and Ammunition company plant here. His brother, John L. Durant, of 22 South Whitney street, Hartford, was on his deathbed and called repeatedly for Tom. When every effort to find him failed the wife of the dying man asked the police of this city to have the message flashed in motion picture theaters.

A Great Military Feat.

Nonza, in Corsica, is very proud of the story of a great military feat performed there long ago. It is told in "Romantic Corsica," by George Renwick.

The French in 1768 had subjugated all the northern cape with the exception of the tower of Nonza, which for a considerable time sustained a close siege. Attacking parties were driven back by a fierce fire, but at last the garrison agreed to surrender if allowed to march out with all the honors of war. This was conceded, and old Captain Casella appeared, staggering under a load of muskets and pistols.

"Why is the garrison so long in coming out?" asked the French commander.

"It is here, sir," replied Casella. "I am the garrison."

No Need of a "Front."

"That shabby looking old fellow is worth several millions."

"You surprise me. Why doesn't he wear better clothes?"

"Oh, he doesn't have to borrow any money. People come to him to borrow it."—Birmingham Age-Herald.

Do Something for your Cold.

Do not let it wear you out and encourage sickness.

Take Dr. King's New Discovery. You will get instant relief.

Most of us neglect coughs and colds. We brush suggestions aside with the remark "I'll be better soon," and oftentimes we do get better. However, when that cough or cold gets a hold, it usually means annoyance, interference with our work and often a spell of sickness follows. Isn't it better immediately to check that cold and ease the cough? Dr. King's New Discovery does it! Search as you will, you will not find a better remedy.

Dr. King's New Discovery is made of Pine Tar mixed with soothing balsams and laxatives. It's antiseptic and kills the germs, allays the cold-fever and soothes the irritated, inflamed throat. The very first dose gives you relief. You cough with less strain. And if you have a hacking or dry night cough, grateful relief follows and you soon drop into a restful and refreshing sleep. Get a bottle to-day and let Dr. King's New Discovery be your cold and cough doctor. At all druggists.

THE BROMLEY EVANGELISTIC PARTY BOOKED FOR THIS CITY

Well Known Religious Workers Will Conduct Campaign in This City Next Winter, Beginning About January 1, 1917—Party a Strong One.

The Bromley Evangelistic party composed of Dr. Henry W. Bromley and seven or eight assistants, has been booked for an evangelistic campaign in this city beginning about January 1, 1917, and continuing for a period of six weeks.

All of the Protestant churches are to unite for the success of the meeting, and the Ministerial Association of the county is back of the contract

with the Bromley party. Following the work in this city the party opens a two month's campaign in Dayton and then in Wilmington. At the present time they are in Iowa.

A tabernacle with a seating capacity of 2500 to 3,000 people will be erected for the meetings. A choir of 350 voices will be a feature of the meetings, and the music is in charge of Prof. Wm. H. Myers, of Lincoln, Neb.

Dr. Edward Fellers, Mrs. Bromley, Miss Ditzler, of Chicago, Miss Florence Hanpert of Wisconsin and Mr. E. L. Anderson constitute the active party.

The contract for the party to appear here was signed up Monday. Mr. Wm. E. Parrish representing the Bromley party.

STAGE ALL SET FOR THE CIRCUS

Tonight at 7:30 the doors open for the Forepaw & Hindpaw circus at the Y. M. C. A. and the event is expected to be one of much merriment, with plenty of amusement in the sideshows, menagerie and circus ring.

The social committee of the Y. M. C. A. has been working untiringly to make the affair a huge success, and the gymnasium has been transformed into a hippodrome with seats arranged to accommodate some five hundred persons.

Monday the workmen kept one eye upon a real live alligator which was in a cage near where they were at work. The canvas men were busy bright and early Monday, and all day the place has presented a very busy spectacle as men hurried hither and thither preparing for the initial opening.

One hour will be given for inspecting the side shows, menagerie and all attractions outside of the ring events.

It is expected that a very large crowd will witness the performance as it has leaked out who some of the leading characters are, and the nature of their stunts.

STREET FLUSHING! MEETING TONIGHT

All persons notified to look after the flushing and cleaning of streets are requested to meet at the Council Chambers tonight at 7:30 o'clock for discussion of plans.

ASSESSORS MEET AND GET SUPPLIES

The assessors of the various taxing districts of the county met at County Auditor Pine's office, Monday morning and obtained supplies and instructions for their work.

Some of the prices agreed upon were higher than last year while others were lower.

PEARCE FUNERAL

The funeral services of Henry C. Pearce will be held at the residence, Tuesday afternoon at two o'clock. Interment in the Washington cemetery.

WILL SHE BE CITY'S NEXT MAYOR?

Young Woman Opens Campaign Wednesday.

Will Washington be the first city in Ohio to elect a woman as mayor? Conditions point that way, as public sentiment is steadily growing in favor of that remarkable young woman, Miss Betty Lang, who has succeeded in forming a new political party in this city.

Miss Lang will open her campaign Wednesday night and will meet the public at the Opera House and outline her platform. She believes Washington needs a woman at its helm and if youth, good looks, and personal charm will influence votes in her favor then it is safe to say she will win over all the men in town.

MISS BETTY LANG.

As Impersonated by Mr. T. Roy Innes. It appears that Miss Lang is only one of the characters in the jolly local talent play, "Betty's Campaign," which the Loyal Daughters will put on at the Opera House Wednesday. The part of Betty will be impersonated by T. Roy Innes, brilliant male soprano and impersonator who has a great reputation in this role.

MOTION FOR NEW TRIAL OVERRULED; SENTENCE PASSED

Another Epoch in Cattle Case Takes Place at Waverly Today—Execution of Sentence Suspended 50 Days—Will Carry Case to Appeals Court.

Judge Dill, of the Pike County Common Pleas Court, Monday afternoon overruled the motion for a new trial in the case of Ohio against Samuel Whited and sentenced Whited to the Ohio penitentiary for an indeterminate period.

However a stay of execution for a period of 50 days was granted in order to allow an appeal to the Court of Appeals, notice of which was given by Attorneys Gregg & Gregg who represent the plaintiff.

The case will be appealed without delay.

SUDDEN DEATH OF INFANT SON

Washington friends will sympathize deeply with Mr. and Mrs. James Smith, of Greenfield in the death of their five days' old son, which occurred Sunday afternoon.

The baby was taken suddenly ill with pneumonia Sunday morning, death following in a few hours.

Mrs. E. A. Smith, Mrs. Allen Martin, Miss Emma Smith, Misses Naomi and Nell Rowan went down to Greenfield Monday morning for the burial.

MRS. CHAS. B. PARKER DIES IN OKLAHOMA

Deep sadness was scattered abroad over the city Monday forenoon by the receipt of news of the death of Mrs. Hattie Parker, wife of Charles B. Parker, of Tulsa, Oklahoma, at 12:30 Monday morning and that he would arrive in this city with the remains on the late train Tuesday night.

Mrs. Parker, who was a daughter of Mr. George B. Swope, formerly of

this city, now of Springfield, had been ill for some weeks, but the news of her death comes as a staggering blow to her wide circle of friends in this city and county.

Mr. Parker had been in Oklahoma where he went from this city, for the better part of a year, and Mrs. Parker and two small daughters, Charlotte and Harriett Anne, left this city last December to make their future home in Tulsa.

A short time ago, receiving word of his daughter's illness, Mr. Swope went to Oklahoma and had since been with his daughter and family.

The sympathy of the entire community is extended to the grief-stricken husband and two little children; the father, step-mother and sister or the deceased, as well as to many other relatives.

While no definite arrangements have been announced, the funeral will, in all probability, be held in this city sometime Wednesday and interment will be made here.

WELFARE NURSE FILES REPORT

Nurse Sutton, of the Welfare Association has completed her report for the month of March, showing a total of 172 visits made, divided up as follows:

Working visits, 60; instructive, 31; friendly, 26; miscellaneous, 55.

The number of cases reported during the month was 14. Nine patients were dismissed as recovered; four as improved; three as unimproved; and three died. One case was referred to a sanitarium, one to a dispensary, seven for material relief and one to the courts.

ARGUING MOTION IN CATTLE CASE

Attorneys Pope and Nye Gregg, accompanied by the defendant, Samuel Whited, went to Waverly, Monday morning, where a motion for a new trial is to be argued before Judge Dill.

It is expected that the Court will overrule the motion, in which case the attorneys for the defendant will immediately carry the case up on error.

TAPS TILL OF MEAT MARKET

Young Man Arrested for Burglary City Meat Market Saturday Night and Admits the Crime—Got \$18 in Change and 136 Postage Stamps.

Oscar Scott, aged about 21 years was placed under arrest early Sunday morning upon suspicion of having forcibly entered the J. H. Anderson Meat Market on Court street late Saturday night and stealing \$18 in money and 136 postage stamps from the cash register.

Scott was taken to the county jail and there confessed to the crime in the presence of Chief Moore, Sheriff Jones and others, admitting that he entered the store and purloined the money and stamps.

The young man, who had previously been under suspicion of turning similar tricks on a smaller scale, was suspicious by Mr. Anderson, of having committed the burglary. Mr. Anderson, early Sunday morning had discovered the theft, and immediately notified the police, and Chief Moore took careful measurements of the thief's tracks at the back of the meat market.

When Scott was arrested he denied all knowledge of the crime, but when confronted with the shoe measurements and accused point blank he wilted and confessed.

Scott refused to state what he had done with the money, other than that he had paid a gambling debt.

Scott, in his confession, stated that he had entered the meat market about 2:30 Sunday morning, having entered by a rear door.

Within a few hours after the crime was committed the guilty party had been arrested and admitted the crime.

DEEP INTEREST AT WESLEY CHAPEL

Sunnyside people are taking an unusual interest in church affairs. Sunday afternoon witnessed the largest attendance at Wesley Chapel Sunday school in its history. There were 235 scholars present; 73 in Mrs. Simms' ladies' class and 44 in Mr. King's men's Bible class.

The church was crowded and it was necessary to do considerable rearranging before all the people could be seated. It is believed the school will attain a membership of 300 next Sunday, and the membership committee will try to bring it up to that number.

Following the Sunday school, Rev. J. V. Stone gave a good talk on the subject of health. He heartily endorsed the proposal of Mayor Oster for a "clean-up week" in Washington C. H. Rev. Stone baptized several children.

Mr. Isaac Cavinee was given a most delightful surprise at his suburban home on the Greenfield pike, Sunday in honor of his birthday.

His children assembled with well filled baskets and the picnic dinner was a sumptuous one, including everything that culinary skill could devise.

Mr. Cavinee was showered with good wishes for many more happy birthdays.

Those who participated were: Mr. Beryl Cavinee and family; Mr. Marion Wilson and family; Mr. George Yahn and family; Mrs. Sam Yahn and children; Miss Laura Cavinee; Mrs. Esther Brown of New Lexington, a sister; one daughter, Mrs. Chas. Adams, of New Lexington, was prevented by illness from attending.

The marriage of Miss Ella Baber and Mr. Wilfred Howsman, of Dayton, took place Saturday night at 8 o'clock at the home of the bride's sister, Mrs. Henry Sherritt.

It was a quiet family affair, but very pretty, with spring blossoms in graceful adornment.

The bride, who has been one of the most competent operators of the Ohio State Telephone Co., in this city for some years, and is an attractive young woman with many

friends, wore a becoming gown of blue crepe de chine, with cream net bodice.

Rev. P. J. Henness performed the ceremony.

Congratulations preceded an informal supper. Mr. and Mrs. Howsman will make their future home in Dayton.

Mrs. David H. Barchet has issued invitations for a "Bridge" Thursday afternoon.

Miss Ruth Grafton proved a charming young hostess Saturday night at a Tureen Club dinner of elaborate courses and pretty decorations of pink sweet peas and greenery.

Seated with Miss Grafton were two guests, Miss Neil McCartney of Delaware, and Miss Virginia Campbell and the club girls, Misses Doris Willis, Aileen Hess, Helen Baker, Jocelyn Bowen.

Mr. and Mrs. Rush Hays enjoyably entertained Mr. and Mrs. Addison Hays, Mr. and Mrs. Frank Hays and son, Paul, at dinner Sunday.

The Mary Boyd Hale Bible class will be entertained at the home of Mrs. Josephine Kerr Tuesday afternoon.

Miss Eva McClure, who is teaching in the Good Hope High school during the absence of Miss Stella West, spent Sunday at her home in Bloomingburg.

Mr. and Mrs. John Long arrived from Chillicothe and Miss Maude Clingsmith from Circleville, Monday morning, to attend the funeral of Mrs. Chas. Wilt.

Miss Laura Seldon was brought in the Kiever ambulance from Greenfield to this city Monday morning to undergo an operation at the Hodson Hospital.

Mr. and Mrs. E. E. Cockerill left the last of the week for a visit with their daughter, Mrs. E. W. Horney, and son, Dr. Willard Cockerill, and family in Dayton.

Rev. J. W. Elliott, former president of the Ohio M. P. Conference, arrived in the city Monday morning to attend the funeral of Mrs. J. F. Henkle, Monday afternoon.

Mrs. E. B. Hukill and daughter Genevieve returned Saturday evening from a ten days' visit with relatives and friends in Logan and vicinity.

Rev. P. J. Henness, pastor, Mr. Sherman Reeder, Elder, of the McNair Memorial church, went to Wilmington Monday to attend the spring meeting of Presbytery.

Mr. and Mrs. R. R. Kibler spent Sunday with relatives in Greenfield and Maxine Kibler and Virginia were in Columbus with Mrs. Iva Evans over Sunday.

Mr. Bert Chaffin and Dr. W. E. Ireland spent Monday in Columbus at the Mt. Carmel Hospital with Mrs. Chaffin, who underwent a serious operation performed by Dr. Chas. Hamilton.

Mr. Orie Blackmore returned Sunday evening from Columbus, where he has been since last Wednesday, when Mrs. Blackmore underwent an operation at the Mt. Carmel Hospital. Mrs. Blackmore was resting comfortably Sunday and physicians were encouraging.

PERSONAL PARAGRAPHS

Miss Emily Tanzey was a week end visitor in Columbus.

Mr. James Whelpley is quite ill at his home on N. Hinde street.

Mr. Paul Dunn was down from Columbus spending Sunday with his parents, Mr. and Mrs. Robert Dunn.

Mr. Dan Flee, of Columbus, spent Monday here enroute to Kentucky on business.

Miss Fannie Hyer left Sunday for Columbus and Dayton to attend Easter millinery openings.

Mr. Burris Tharp visited his parents, Mr. and Mrs. W. A. Tharp, over Sunday.

Miss Sallie Wilson, of Sidney, Ill., is the guest of Mrs. J. M. Hartman, and family, on the Waterloo pike.

Mrs. Marie Brucht and Miss Adelaide Martin, of Chicago, are guests of Mrs. Ralph Hess.

Miss Wilma Hammer was down from Columbus spending Sunday with her mother, Mrs. Mollie Hammer.

Clark Pensyl, the young son of Mr. and Mrs. Clarence Pensyl, is confined to his home on Washington avenue by a slight illness.

Report from Xenia, Monday, was to the effect that Mr. Chas. Snider, formerly of this city, was somewhat improved.

Mr. and Mrs. H. J. Turner and children, of Jeffersonville, visited their son, Mr. Wm. Turner, and family, over Sunday.

Miss Elizabeth Johnson and Mr. Walter Patton were guests of Mr. and Mrs. W. J. Galvin in Wilmington, Sunday.

BANDITS RAIDED LUMBER CAMPS

Inflict \$100,000,000 Loss on
an American Concern.

FOLLOWERS OF ARIETTA

Colonel Dodd's Cavalry Reaches Parral, Where General Villa Recently Attempted to Rally the Armed Forces of the Place—Villistas Capture Small Garrison Near Jimenez. Peace Meeting at Torreón.

El Paso, Tex., April 10.—A report from Brigadier General Pershing, commanding the punitive expedition in Mexico, repeats the story that Villa, the bandit chief, is wounded. The report, which was made to General Funston, does not reveal the location of the bandit.

Colonel George A. Dodd's cavalry reached Parral, the general understanding is. Villa has been reported as having arrived on the outskirts of Parral and sent in emissaries to obtain supplies to sound sentiment to determine if he could rally the armed forces of that place to his standard. Apparently he failed in this and may have hastened away.

While Colonel W. C. Brown and the Tenth cavalry were believed to be leading in the race to Parral, army headquarters officers have information inclining them to believe that Colonel Dodd, with his picked detachment of troopers, was the first American column to reach that point, which is not far from the border between the states of Chihuahua and Durango.

Anti-American sentiment is spreading in the section Villa is entering. This was shown by the confirmation of the news that the Arietta brothers, formerly identified with the bandit general, have inflicted \$1,000,000 loss on an American concern by burning the big lumber plant of the Compañia Madera, in the state of Durango.

Shouting, "Down with the Gringos," the Arietta bandits made a raid upon the plant and deliberately applied the torch. Hiram Smith, president of the company owning the plant, received advice telling of the raid. Villa has been trying to reach this section of Durango, where bands of outlaws, formerly of his command, have been terrorizing the residents. He has sent ahead word to kill all Americans and destroy all American property.

News has just reached here of the raid on a small garrison in a town near Jimenez. The Villistas, retreating south before the driving American advance, entered the town, attacked the garrison, killed Colonel Flores, commander of the Carranza troops, and looted the place. They appealed to the Carranza soldiers to join them in opposing the Americans.

Telegrams from Torreón announce that a peace commission is meeting near there with General Jose Banderas and his band of Villistas to discuss terms by which the Villa adherents can surrender. Banderas offers to surrender within a week if allowed six weeks in which to bring all his men in, but the Carranzistas insisted on shorter time, fearing Banderas was playing for time in which to permit Villa himself to reach that section and take command.

The payments to him were for services for which he is held not to be entitled to extra compensation.

OPEN SHOP SECURED

Striking Streetcar Employees at
Toledo Return to Work.

Toledo, April 10.—The Toledo streetcar strike was ended last night, and cars are in operation today. The men were given an increase in wages of 3 cents an hour, but they will not be permitted to wear union buttons and the open-shop rule will prevail.

The settlement came at a conference called by representatives of the union, when it was seen that they stood to lose under the proposed receivership, which was to have been put into effect by Judge John M. Kilts of the United States district court. The scale runs from 25 cents to 32 cents an hour.

The tieup resulted a week ago last Tuesday, when the men reported for work wearing the official insignia of the recently formed union. The company then sent its cars into the barns and since that time all Toledo persons have had to walk or depend on automobile buses to take them to and from their work at exorbitant prices.

Mayor Charles M. Milroy said: "In many ways this has been the most remarkable strike in the history of street railway controversies. There was no attempt on the part of the company to operate cars during the thirteen days of idle rolling stock. There was no violence, not a brick thrown nor a single police call."

GERMANS FORGE ON AT VERDUN

French Forced to Evacuate
the Wrecked Village.

ESTABLISH A NEW LINE

Withstand Furious Assaults Delivered by the Army of the Crown Prince. Attacks Launched by Germans Cover Practically the Entire Verdun Front—Operations in Other Theaters of War.

Paris, April 10.—The French evacuated the village of Bethincourt, which formed the apex of the salient on the western bank of the Meuse, against which the Germans have been pounding for days with heavy artillery and with frequent infantry attacks.

The French established a new line, which withstood furious assaults made later by the crown prince's army.

From the information now available it seems probable that the violent German attack on the western side of the river, made simultaneously with two extremely heavy assaults on the eastern bank, thus practically covering the whole Verdun front, was undertaken by the Germans as soon as they learned of the withdrawal from Bethincourt, in the hope of finding the new French line in this sector not yet strong enough to resist them.

The evacuation of Bethincourt has been regarded by military experts some days ago as a military necessity, since it was evident that the group of ruins representing the village was so situated as to make it practically untenable under the protracted fire of the German heavy artillery. The German commanders, anticipating the withdrawal, appeared to have timed their attack, which might almost be called a general assault on the Verdun front, to coincide with the evacuation. But the evacuation had been safely completed in the night, and troops were waiting in the new trenches at the rear when the attack finally was made.

The official announcement indicates that the fighting was of a most violent character. At one point on the southern edge of the Bois Avocourt, a German assaulting column gained a temporary footing in a French position, but was immediately driven out again by a counter attack.

The Germans, debouching from their position in the Cumieres wood, advanced in masses under the concentrated fire of the French 75's and mitrailleuses. The French broke up their formations and they finally withdrew, leaving hundreds of dead on the field. Repeated assaults were made on Le Mort Homme, and here again the Germans lost heavily.

On the eastern bank of the river the attack did not get beyond the stage of artillery preparation, the German troops not being able to leave their positions. The Cote du Poivre and the Douaumont-Vaux sector were the portions of the French line against which the German artillery directed its most violent fire on the eastern bank, the French second lines being shelled with particular thoroughness.

The offensive of the Russians against the Germans in northwest Russia has simmered down to mutual bombardments and attacks by the German and Russian aviators.

Considerable fighting between the Turks and the Russians has taken place in the Black sea littoral, with the Turks the aggressors. Three attacks against the Russian entrenchments on the right bank of the Karadere were without result. Along the entire Austro-Italian front the artillery of both sides has been active.

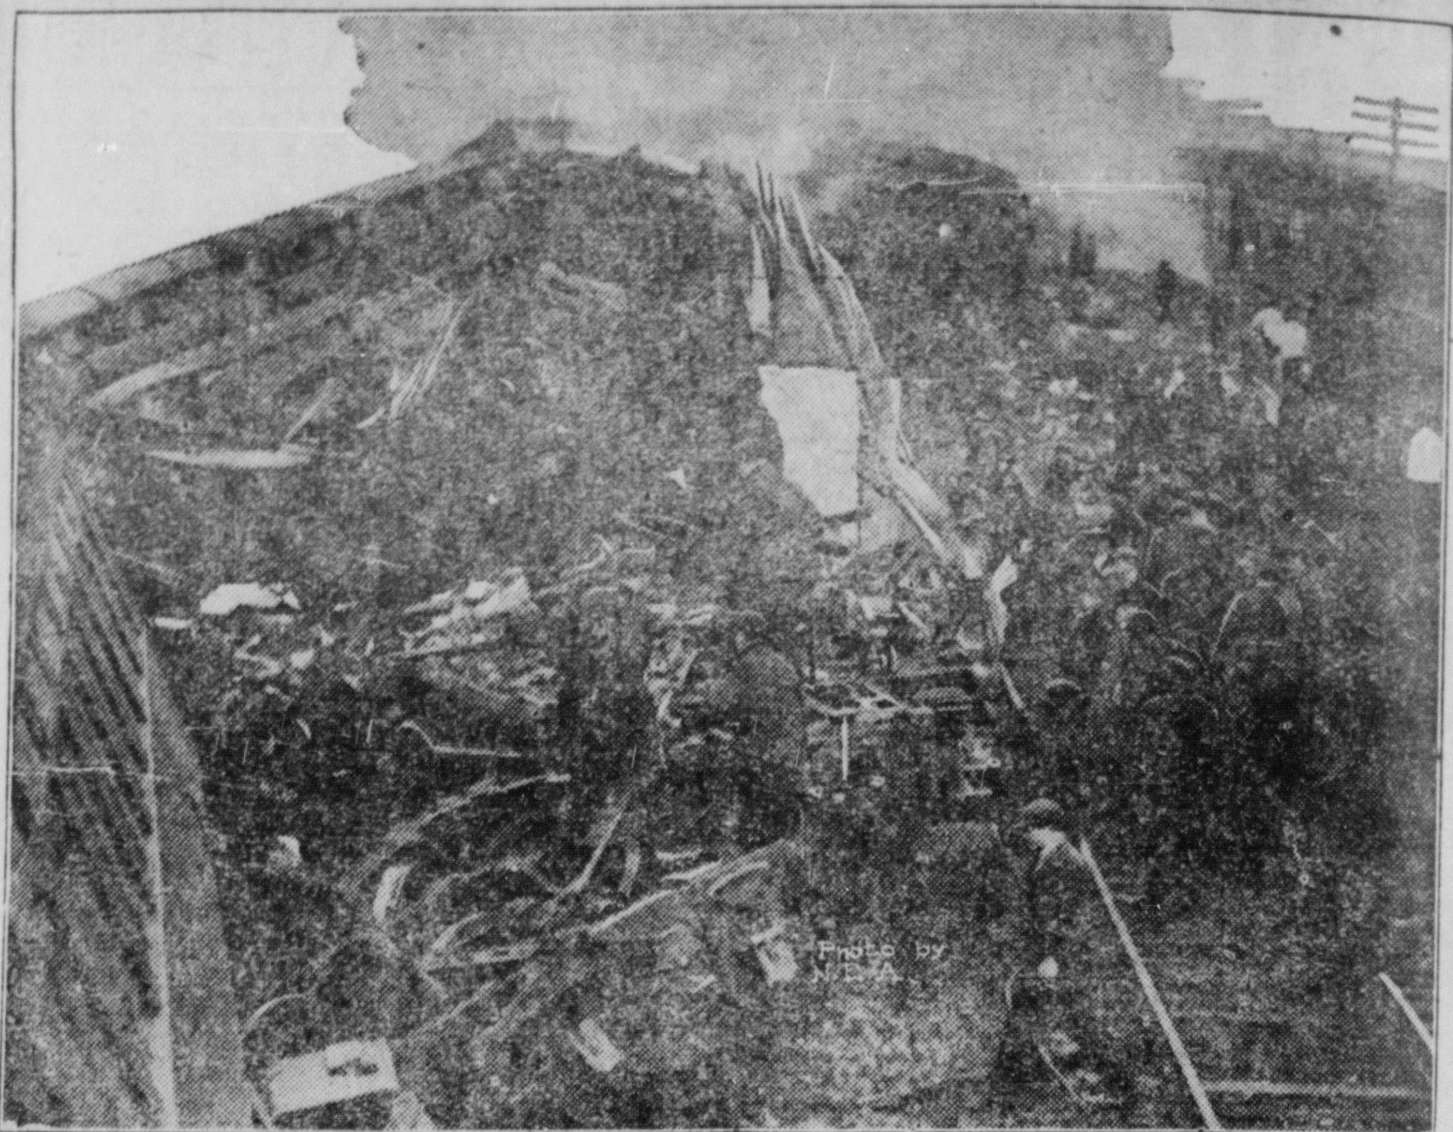

The British steamers Adamton and Avon have been sunk, presumably by submarines.

UGLY AFFAIR

(By American Press)

Washington, April 10.—Serious trouble has developed between the colored troops of the Twenty-fourth infantry at Del Rio, Tex., and residents of Del Rio, according to a telegram received by Representative Garner of Texas, and referred by Mr. Garner to Secretary Baker. The telegram, which is signed by District Judge Joseph Jones, District Attorney C. C. Belcher and Sheriff John R. Ammond, declares that the trouble at Del Rio started following the killing of a soldier of the Twenty-fourth infantry by a member of the Texas rangers. It adds that a large number of negro soldiers of the Twenty-fourth infantry surrounded the ranger's house, firing volleys of shots, but without

casualties. The telegram urged that steps be taken at once to prevent bloodshed.

Immediately upon receipt of the telegram the secretary of war telegraphed General Funston to make an investigation and to take precautions to obviate the possibility of further trouble. Secretary Baker also directed that a full report of the incident be sent to him without delay.

GERMAN CAMP

British Prisoners of War Reported Ill Treated.

London, April 10.—The foreign office issued a report of the government committee on treatment of British prisoners of war at the German prison camp at Wittenberg during the typhus epidemic last year. The report is signed by Justice Younger, chairman of the committee. It is based upon information collected from repatriated prisoners of war, including Major Priestly and Captains Vidal and Lauder, all officers in the Royal army medical corps.

It disclosed a story of terrible suffering and privation under the most appalling conditions. After describing the location of the camp, which occupies an area of about ten and a half acres, the report says some 16,000 or 17,000 prisoners are confined therein, including British, French, Belgians and Russians.

The report states that "overcrowd-

ing was most serious." Typhus appeared in December, 1914. "Thereupon, the German staff, military and medical, precipitately left the camp, staying away until August, 1915. During that period communications between prisoners and guards was made by guards or officers shouting instructions from the outside wire entanglements of the camp.

The report adds: "All supplies for the men were pushed into the camp over chutes, while food for the hospital and medical officers passed in on a trolley, so as to avoid all contact between the prisoners and the outside world. No medical attention during the whole time was provided by the German staff."

The camp conditions were too much for the British medical officers. Two of them, Major Fry and Captain Sutcliffe, soon sickened and died of typhus. Major Priestly saw delirious men waving their arms, brown to the elbow with foecal matter. The patients were alive with vermin.

GONE AGAIN

(By American Press)

Washington, April 10.—Army officials here would not be surprised to learn that Villa has again given his pursuers the slip.

With reports from General Pershing indicating that the advance columns of the American expedition were close on the heels of the bandit leader, the war department confidently expected that a report of Villa's actual capture would be received in Washington by Sunday. When it did not come the hopes of officials here began to dwindle.

The Mexican embassy is still awaiting a reply from Secretary of State

Lansing to the request of the Carranza government for information as to how long the American forces will remain in Mexico and the distance to which the expedition will proceed in its pursuit of Villa. It is because of Carranza's insistence that a time limit be placed on the expedition that the negotiations for a protocol have been held up.

THE GIRL AND THE GAME

A Story of Mountain Railroad Life

by FRANK H. SPEARMAN

Copyright 1915 by Frank H. Spearman

Novelized From the Moving Picture Play of the Same Name Produced by the Signal Film Corporation.

SYNOPSIS.

Little Helen Holmes, daughter of General Holmes, railroad man, is rescued from imminent danger on a scenic railroad by George Storm, a newsboy. Drawn to young womanhood, Helen saves Storm from a fireman, her father, and his friends. Amos Rhineland, financier, and Robert Seagru, promoter, from a threatened collision. Safebreakers employed by Seagru cut off line for the Tidewater, fatally wounding the general and escape. Her father's estate badly involved by the Tidewater, Helen goes to work on the Tidewater. Helen recovers the survey plans from Seagru, and though they are taken from her, finds an accidentally made proof of the survey blueprint. Storm is employed by Rhineland. Spike, befriended by Helen, in turn saves her and the right-of-way contracts when Seagru kidnaps her. Helen and Storm win for Rhineland a race against Seagru for right-of-way. Helen, Storm and Rhineland rescue Spike from Seagru's men.

(Continued from Yesterday's Herald)

"A DASH THROUGH FLAMES"

While the fight was going on in the two camps, Seagru, ignorant of what was taking place, urged his claims before the city council in Las Vegas for a right of way through their city property.

The council listened coldly to his demands. And the chairman of the ordinance committee, after a conference with its members, informed Seagru that what he asked was unreasonable. "The Copper Range & Tidewater railroad has one right of way through the city property. We cannot grant another."

Seagru took the rebuff calmly. Without abandoning further effort to induce favorable action in behalf of his road, he stopped a passing messenger boy, wrote a telegram and handed it to him for dispatch. What the councilmen thought of the situation did not seem to disturb Seagru materially, for having done this, he turned again to the committee and renewed his argument.

Helen, with Rhineland, Storm and Spike, was heading, in Seagru's machine, for the bridge on which they had just derailed the outfit car toward camp. Storm, looking back, discovered that the ditched car had caught fire and was burning up.

"It's small loss," said Storm. "And, anyway, it would cost more time and money to get it on track again than the car is worth."

"But," exclaimed Rhineland, urging haste as he suddenly bethought himself of the contents of the burning car, "my most important deeds are in that car."

"What do you mean?" demanded Storm.

"I mean what I say," explained Rhineland. "The right of way deeds for a lot of our property around here

HOW NATIONAL AND AMERICAN LEAGUE TEAMS WILL LINE UP ON APRIL 12

WHEN the sixteen major league clubs start the 1916 marathon on April 12 there is a possibility that thirty players who are new to American and National league fans will be in the batting orders of the different teams. Below is the probable makeup of each club. Of course the lists are not official, but they are what may be expected from present indications.

Contrary to the general belief, former Federal leaguers do not hold the whip hand among the newcomers. Just one club in the American, Detroit, will open with the same front from leadoff man to pitcher that was used last season. In the National the Phillies will present the same lineup, as will probably the Pirates.

Following are the probable lineups of the teams as they will face each other April 12:

NATIONAL LEAGUE.

St. Louis-Pittsburgh.

Roy Corhan, a certainty, and either Jack Smith or Walton Cruise in the outfield will be the new faces in the Cards' lineup when they face the Pirates in the first game.

The Pirates, although they slipped badly last season, will probably rely on the same players they used in 1915. Neither of the newcomers, Schultz or Smith in the infield, has shown much. Indicates new player.

NEW YORK-Philadelphia.

Of course Benny Kauff will be the main addition to the Giants, but McGraw has a youngster named Kelly who is expected to show up in great style. The infield will be the same. McGraw has practically the same pitchers, with Anderson of the Buffeds a newcomer.

For the Phillies to repeat their triumph of last season Grover Alexander and the other fingers will have to do just as well as they did in 1915. The only new men for the Phils will be Devore and Good, two veteran outfielders, and Karl Adams, a pitcher formerly with the Cubs.

Burns and Adams, catchers; Byrne and Dugue, infielders; Good and Devore, outfielders.

Boston-Brooklyn.

Ed Konetchy, former Cardinal and Pirate, last season with the Pittsburgh Feds, will be the only new face in the Braves' lineup this year.

There's no telling about Brooklyn. Robinson has a veteran pitching staff, a veteran infield, Jimmy Johnston will be the only addition to the infield, while Chief Meyers has been grabbed from the Giants to help out behind the bat.

BOSTON-Rudolph, James, Tyler, Nehf, Hughes, Hagan, Allen, Kneizer, Reulbach and Davis, pitchers; Blackburn and Egan, catchers; Fitzpatrick and Egan, infielders; Compton, Collins and Wilhoit, outfielders.

BROOKLYN.

Pfeiffer, Marquard, Cheney, Dell, Rucker, Coombs, Smith, Appleton.

AMERICAN LEAGUE.

St. Louis-Cleveland.

From present indications Fielder Jones will have at least four, possibly five, former Feds in his first lineup. The possibility is Ernie Johnson, shortstop, who at present is on the injured list. The others are Marsons, Tobin, Borton and Hartley. Without a doubt the Browns will have the greatest collection of substitute material ever owned by a major league outfit.

While the Indians are picked to run last by most critics, the club should do better than last season. Gandil has been assigned to first and Ivan Howard, the former Brown, to third. Then Larry Chappell will be in the outfield. Everything, though, is up to Fohl's pitching.

BROWNS.

BROWNS-Weilman, Davenport, Plank, Groom, Fincher, Koob, Sieler, Hamilton, Crandall, Baumgardner, pitchers; Chapman and Clemens, catchers; Paulette and Deal, infielders; Walker and Miller, outfielders.

CLEVELAND.

Morton, Hagerman, Colamore, Crouse, Mitchell, Klepper, Bagby and Jones, pitchers; Billings, Daly and Mills, catchers; Kirke, Barbara, Wambegans and Thomas, infielders; Grane and Willie, outfielders.

Detroit-Chicago.

The Tigers will have a veteran team from A to Z. A substitute infielder and an extra outfielder, besides one or two pitchers, are the only new players snared by Jennings. So it's all up to Cobb, Crawford and Co. as well as the left over twirlers. If Cobb and Crawford continue at the pace of the past years, the Junglers will be there or thereabouts.

The same goes for the White Sox, with the possible addition of George Moriarty, former Tiger, who is booked to play third. No phenoms have been found among the youths from the minors.

DETROIT-Daues, Dubuc, Boland, Covaleskie, Loudermilk, James, Erickson and Cunningham, pitchers; Baker and McKee, catchers; Malsel and Kavanagh, infielders; Heilmann, outfielder.

CHICAGO-Scott, Benz, Cicotte, Wolf, Russell, Faber, Walsh and Danforth, pitchers; Meyer and Lapp, catchers; McMuller, Terry and News, infielders; Collins and Leibold, outfielders.

New York-Washington.

Bill Donovan heads the club that will have to be watched. There will be at least four new faces in the front—Gilhooley, Mabee, Baker and Gedeon. Then Malsel has been shifted to the outfield. Besides the probable regulars, Donovan has good extra material. The catching staff is the chief worry, being made up of two youngsters and a slow veteran.

Three rookies—Judge at first, Rondeau in left and possibly Barber in right—will be introduced by Manager Griffith of the Nationals. The pitchers of last season will have to do the bulk of the twirling. Dumont and Harper being the only real "buds" among the hurlers. The club from present indications is not strong on substitutes.

WASHINGTON.

Cullop, Fisher, Keating, Shawkey, McGorridge, Love, Tipple and Pieh, pitchers; Nunamaker and Mullen, catchers; Boone, Bauman and Mullen, infielders; Cook, High and Hartzell, outfielders.

WASHINGTON-Johnson, Boehling, Dumont, Gallia, Bentley, Shaw, Ayres and Harper, pitchers; Williams, Almsmith and Gharitty, catchers; Shanks and Sawyer, infielders; Jamieson, Moeller and H. Milan, outfielders.

Boston-Philadelphia.

The Red Sox chances to repeat seem to rest on Tris Speaker at the present time. Tris has not signed his contract for the coming season, while, barring Agnew, former Brown, no new players of worth have been obtained. It will be a veteran team.

Connie Mack is chaperoning the big question mark of the majors. There's no telling just what the Athletic leader will do. He has only three veteran pitchers, two veteran infielders, McInnis and Lajoie, while the outfield is only fair. All the youngsters, barring two, are Class B, C and D boys.

BOSTON-Leonard, Foster, Ruth, Shore, Gregg, Mays, Penneck and Anderson, pitchers; Cady, Thomas and Carrigan, catchers; Gainer, Janvin and McNally, infielders; Henriksen, outfielder.

PHILADELPHIA.

Bush, Bressler, Wycokoff, Sheehan, Myers, Crowell, Nabors, Morissette and Richardson, pitchers; Perkins and Murphy, catchers; Piek and Crane, infielders; Thompson and Stebbauer, outfielders.

MAGEE TOLD STALLINGS SOMETHING.

In one of his raving moods on the bench George Stallings hauled Sherwood Magee over the coals. Magee wasn't quite agile enough in the outfield that day to suit his boss. "There you are," exclaimed George to Sherwood when the latter came in between innings, "playing the field on one foot." "Uh, huh," responded Magee tranquilly, "that's a hard thing to do. I'm the only outfielder in the league that can do it."

BRESNAHAN MAKING BIG HIT.

Former Cub Manager Is Going to Have Some Team in Toledo.

Roger Bresnahan is going to have some ball team in Toledo. With any kind of breaks he may bring the pennant to that town. Roger and George Stovall alone will do wonders for the team. Roger is gathering a very capable lot of players with which to mold a winning combination.

Incidentally, Toledo baseball interest will be revived. The fact that the team is owned by Toledo capital, that

city being Bresnahan's home, will make a big difference in the attendance. Toledo has one of the best minor league parks in the country, and there is little doubt that in due time the venture will be one of the best paying investments in that circuit.

Realizing this fact, all the managers in his league will be glad to see Bresnahan have a winner there, for it will mean a lot to the league as a whole.

Knabe Boosts Catcher Wilson.

Otto Knabe speaks a good word for Catcher Arthur Wilson, recently secured by the Pirates. "Wilson will help the Pittsburgh club a lot," he said. "He is a hard hitter and a willing worker. In addition to this Wilson is a cracking good thrower."

Collins Greatest Ever, Says Rowland.

"Eddie Collins is a great man for a ball club," a fan remarked in the hearing of Clarence Rowland, White Sox impresario. "Eddie Collins is a great man for anything," Rowland replied. "and one of the greatest I ever knew."

Let the Players Think, Says Fohl.

Lee Fohl, manager of the Cleveland club, believes in allowing players to do their own thinking, and it is his contention that no man can pick up "baseball sense" if he is bound by orders from the bench.

OFFER 500 SCHOOLS FOR OHIO FARMERS

Are we going to hold a farmers' institute or extension school in our town or community next winter? Fifty agricultural extension schools and 450 farmers' institutes will soon be scheduled for sessions next fall and winter. If we desire to secure one of these schools, we should send at once to the Agricultural College Extension Service, Ohio State University, Columbus, for application blanks, so that an equal distribution of schools can be made. A number of local farmers' clubs and granges over the state have been arranging for the schools in connection with their yearly activities. The Extension Service is adding a number of new features and demonstrations for educational purposes in the schools and institutions to be held next season.

MUCH INTEREST IN STREET WORK

A great deal of interest is being manifested in the street improvement work which was launched last week, and which is moving forward very rapidly with every favorable day.

More than half of the excavation work on Hinde street has been completed and the steam shovel of The Andrews Asphalt Company is working every hour the weather will permit.

The work of distributing brick along South Main street also is now under way, and the work of excavating on that street will be pushed forward this week.

Sewer work on Paint street is moving forward quite rapidly.

New Water mains will be laid on part of Paint street, and citizens residing on East Paint street between North and Delaware streets, are urging the necessity of fire hydrants on that street, as there are none at the present time.

The B. & O. is distributing brick for the paving about the Union Station, and this paving will be completed within a short time.

PLANS FORMULATED BETTERMENT OF RACE

The General Welfare Association for the betterment of the Colored race held a meeting with the Second Baptist Church, April 9, 1916. Rev. J. O. Halthcox was appointed chairman of the meeting and Emile L. Anderson secretary.

Delegates from the different lodges, churches and other societies were the ones who had a voice in the meeting. The purpose of the meeting was to form plans for the betterment of the race, branching out specially to reach those who do not attend the churches and to make better citizens of them.

The movement aroused much enthusiasm.

Next Sunday at three o'clock p. m. a meeting will be held at the A. M. E. church. Rev. J. M. Thompson, chairman and Mrs. Wingo, secretary.

LITTLE WORK DOES MUCH GOOD ON ROAD

In the Hagler neighborhood on the Chillicothe pike a few of the property owners in that community recently obtained permission to run the road scraper over the pike and then follow it with a road drag.

The result was almost unbelievable, and as a consequence the pike is now in very fair condition, while the road not so treated is almost impassable.

The work demonstrates what a little work and not so much talk will do, it is argued by those who have witnessed the results on the Chillicothe pike.

One of the men who took part in the work states that all of the work took less time than attending a "good roads meeting" in the county seat.

PEACH CROP SAFE

Fruit men are of the opinion that the peach crop, so far, has passed the winter in safety, and that nearly all fruits have been equally fortunate in escaping serious winter damage.

Predictions are made that unless the buds are damaged from now on the fruit crop will be large again this season.

As a usual thing when the peach buds escape damage nearly all other fruit buds pass through the winter in safety.

"PREPARED" DELEGATES ASSEMBLE

Eleventh Annual Convention of the U. S. Navy League Opens in Washington To-day.

By Associated Press.

Washington, April 10. — Delegates representing every state in the union are in attendance at the opening session today of the eleventh annual convention of the Navy League of the United States.

Some of the country's foremost authorities on international law, commerce and military and naval science are on the program to describe what they believe to be adequate preparedness for national defense.

Robert M. Thompson, president of the league, declared that while the class which is opposed to preparedness, we trust that you will love us for the enemies we have made.

"The league was founded by men who believe," Colonel Thompson continued, "that an efficient and adequate fleet was the best defense against invasion."

"England is spending millions of dollars a day," declared Colonel Thompson, "because she failed to spend at the proper time."

A good part of the first session was given over to attacks on Henry Ford for his anti-preparedness propaganda.

Dr. Albert Hart, of Cleveland, was among this afternoon's speakers.

AH! TAX DODGER GUILTY PARTY

By Associated Press Dispatch. Columbus, O., April 10.—James Boyle, state tax commissioner, who has been working on the problem of giving financial relief for a month, has reached only one conclusion, he says. That is that cities could have all the money they need if it were not for their tax-dodgers.

"This is the principal trouble with the taxation situation," says Mr. Boyle. "City officials who complain against state laws and tax rate restrictions should turn their guns of criticism on the local financiers who fail to return their moneys and securities for assessment. These men are responsible primarily for financial stringency in cities."

SOME CORN

By Associated Press Dispatch. Washington, April 10. — Corn production in the 1915-16 season in the ten leading producing countries, which grow more than 92 per cent of the world crop, was 3,727,260,000 bushels, or 5.7 per cent more than the previous season's output, according to preliminary estimates sent by cable to the Department of Agriculture today from the Industrial Institute of Agriculture, at Rome.

BURNED TO DEATH

By Associated Press Dispatch. Canton, O., April 10.—Clifford Walker, 11, was burned to death by an explosion of kerosene in his home Sunday evening.

His father, mother, sister and two brothers were badly burned in an effort to save his life and to extinguish the blaze.

The boy poured oil on wood in a stove to light it more readily. It exploded when he touched a match to it.

SCHOOL TEACHER

Anaemic Run-Down, Nervous—How She Recovered.

There are so many cases like this right here in Washington Court House that we are publishing this interesting letter with the hope that some of our customers will try Vinol and get the same happy results that Miss Baez did.

Key West, Fla.—"I am a teacher and became anaemic, nervous, run-down, no energy or desire to do anything. I could not sleep and had that languid, nervous feeling that made me a burden to myself. I had taken various tonics, without benefit. I heard of Vinol and tried it. Soon I had a good appetite, could sleep all night and it built me up so I have the ambition to do any kind of work." Mary L. Baez, Key West, Fla.

The reason Vinol was so successful

ful in this case is because it is a constitutional remedy that goes to the seat of trouble. The peptonate of iron contained in Vinol enriches and revitalizes the blood, while the strengthening, tissue-building, properties of the extractives of cods' livers and beef peptone aid in building up the tired, overworked, run-down system.
